KURSHIAH

EST. 1947

The ever so familiar Tunku Kurshiah College that we know today used to be named the Malay Girls College. The emergence of Tunku Kurshiah College started with the proposal of Dato' Sheikh Ahmad Al-Haji, a former member of the Legislative Assembly of the State and Federal, about an all-girls residential school during the 1939 State Council Meeting.

The proposal aims to provide a stable platform for girls who would like to advance their studies towards secondary and tertiary education. Not only that, but the establishment also presents an incentive for Malay parents to contribute a better education for their daughters, thus a brighter future.

In the beautiful month of October in 1947, the first intake of 41 students from all over Malaya was enrolled.

The numbers gradually increased in the 1960s, by the 1970s the numbers were up by 700.

In April 1962, the college moved to a 22-acre site on Bukit Merbah, Jalan Tunku Kurshiah, Seremban. In honour of Tunku Ampuan Besar Besar or the Queen of Negeri Sembilan, and Tunku Kurshiah binti Almarhum Tunku Besar Burhanuddin, the first Seri Paduka Baginda Raja Permaisuri, the MGC was named as Tunku Kurshiah College.

After nearly half a century, TKC decided it was time to move into a more spacious, better location. The new premise is in Bandar Enstek, Nilai which opened in January 2013. The ceremony was honoured with representatives of the Old Girls Association (OGA). The university-style campus offers a fresh start for the Kurshiah Girls to propel themselves with tremendous strides into the global world.

SCHOOL ANTHEM

Kolej Tunku Kurshiah,
Kolej ulung di negara Malaysia ,
Kami pelajar bersumpah,
Akan teguh patuh memeliharanya

Kolej Tunku Kurshiah,
Kolej mulia berjasa,
Moga-moga Tuhan memberi
rahmatnya,
Sentosa Kolej Tunku Kurshiah.

VISION

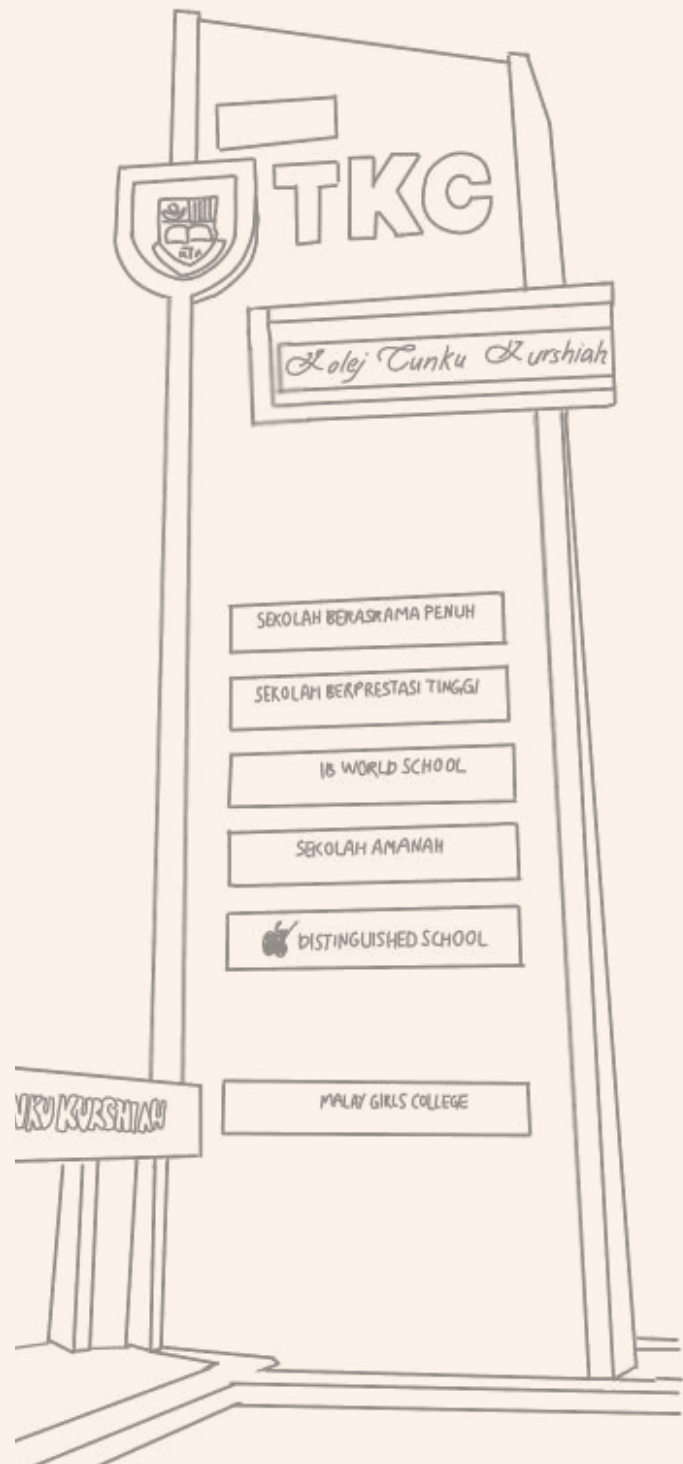

A world-class fully residential school
with a Malaysian identity

MISSION

Kolej Tunku Kurshiah's mission is to develop holistic individuals who are independent life-long learners by providing a world-class educational environment.

We strive to nurture active and compassionate life-long learners with exceptional leadership qualities and talents.

We aspire to instill in students international mindedness, thereby helping them to become responsible members of the international community, whilst preserving local values and traditions.

THE INTERNATIONAL BACCALAUREATE® MISSION

The International Baccalaureate® aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

DOA

KHAS BUAT PUTERI-PUTERI KURSHIAH

Jika malam ini tiada bulan
tanah Seremban
kau masih tetap bercahaya
dari sinar mata dan bening wajah
pelajar-pelajar dari istana ilmu
Kolej Tunku Kurshiah

Hari ini manis belajar dari buku
dan suara mesra dari guru
bersedialah untuk esok
yang menunggu kedatanganmu
untuk belajar dari hidup
mungkin bahaya dari kemuliaan darjat
mungkin air mata dan pedih luka

Tapi apapun arus gelombangnya
berdiri di bawah bendera keberanian
di bumi kebenaran kemanusiaan
laksana permata yang mengukir kehalusan
budi

Maha wangi istana ilmu
bening ombak sambut dan tirai selendang
daulat seorang permaisuri
keramat seorang wali
semoga dalam rahmat dan perlindungan Ilahi.

SAUJANA

62ND EDITION CONCEPT

UNITY THROUGH *hurdles and Triumphs*

Life is composed of ups and downs. In 2020, we went through a lot of changes. Learning to get through them was difficult but without these obstacles, struggles, and challenges, life wouldn't have made much sense. The 62nd concept of Saujana, Unity Through Hurdles and Triumphs proves that we can be stronger, more compassionate, and more grateful when we strongly believe in our capacity to persevere together. As when we're together, we know what it's like to savor victory, both personally and professionally.

deliverance.**

KPPM'S SPEECH

YBrs. Dr. Habibah Abdul Rahim, Ketua Pengarah Pelajaran Malaysia

Terima kasih kerana memberi kesempatan kepada saya mencoretkan sepatah dua kata dalam majalah sekolah pada kali ini. Tahniah dan syabas diucapkan kepada sidang redaksi atas kejayaan menerbitkan majalah sekolah yang sungguh istimewa ini. Segala peristiwa dan kenangan sepanjang tahun lalu dapat dirakamkan dan menjadi sumber rujukan dalam sejarah pendidikan. Saya percaya komitmen yang tinggi dan kerjasama padu daripada warga sekolah telah menatijahkan penerbitan majalah yang dapat kita tatapi.

Pendidikan adalah asas dalam melahirkan masyarakat Malaysia maju berteraskan semangat bersatu padu, progresif, berbudaya dan berwatak. Bagi menyahut cabaran ini, Kementerian Pendidikan bertekad untuk terus meningkatkan kualiti sistem pendidikan serta memberi fokus kepada keberhasilan murid. Aspek akademik, sahsiah nilai perlu diterapkan dalam pendidikan. Jesteru itu, semua guru perlu beranjak daripada pembelajaran berorientasikan perkembangan bagi menyokong usaha ke arah melahirkan murid yang berjaya secara holistik.

Para guru dituntut agar sentiasa meningkatkan pengetahuan dan kemahiran dalam menjadikan pengajaran dan pembelajaran lebih bermakna. Pengetahuan dan kemahiran terkini dalam menghadapi cabaran abad ke-21 perlu diperkukuhkan. Pada masa yang sama, sekolah sentiasa diberi sokongan professional daripada pembimbing yang pakar dan pengurusan yang mantap.

Akhir kata, saya menyeru semua pihak termasuk pemimpin sekolah, guru, ibu bapa, pihak berkepentingan dan agensi swasta untuk sama-sama menjayakan agenda pendidikan negara demi melahirkan generasi masyarakat Malaysia yang cemerlang dan gemilang pada masa akan datang.

SELAMAT MAJU JAYA

SBP DIRECTOR'S SPEECH

En Aidie Jantan, Fully Residential School (SBP) Director

Assalamualaikum Warahmatullahi Wabarakatuh dan Salam Sejahtera,

Terlebih dahulu, saya ingin merakamkan ucapan tahniah kepada sidang redaksi yang telah berusaha gigih untuk merealisasikan penerbitan majalah sekolah bagi tahun 2020. Selain dapat mengasah bakat dan kreativiti murid, penerbitan majalah ini juga membolehkan pendokumentasian bahan berlaku secara tersusun dan berterusan.

Perkembangan pesat dunia digital masa kini turut memberi kesan kepada transformasi bidang pendidikan. Ledakan teknologi pada hari ini menyaksikan pendidikan lebih bersifat global dan tidak lagi terhad kepada ruang lingkup bilik darjah, malah ia mencakupi dimensi yang amat luas. Penggunaan teknologi dalam pendidikan membolehkan guru dan murid mengakses maklumat dan pengetahuan yang terkini dengan lebih cepat dan efisien di samping menjadikan pengalaman pembelajaran sebagai sesuatu yang menyeronokkan. Oleh itu saya menyeru kepada semua warga Sekolah Berasrama Penuh (SBP) agar sentiasa bersikap positif dan proaktif dalam memanfaatkan peluang dan sumber pembelajaran yang ada supaya setiap potensi dapat diserlahkan.

Peranan guru juga amat penting dalam menyantuni kepelbagaian dan ragam murid generasi milenial. Murid-murid hendaklah dididik agar dapat berkongsi nilai dan pengalaman dengan menghargai kepelbagaian yang wujud di persekitaran mereka. Asas moral yang kukuh juga perlu ditekankan oleh para pendidik supaya semua murid dapat mendepani pelbagai cabaran dalam konteks kehidupan masa kini.

Akhir kata, syabas kepada semua pihak yang terlibat merealisasikan penerbitan majalah ini. Walaupun perkembangan media sosial mengakibatkan naskhah bercetak semakin terpinggir, saya percaya sebagai dokumentasi yang bersifat rasmi, majalah sekolah akan relevan sampai bila-bila.

Sekian, terima kasih.

PRINCIPAL'S SPEECH

Pn Hjh Anismah M. Noh, Excellent Principal of Tunku Kurshiah College

Assalamualaikum W.B.T.

It is with greatest contentment to see yet another year come to life through the esteemed Saujana magazine! I would like to take this opportunity to applaud the 2020 Saujana Editorial Board and other parties involved for putting their upmost dedication in the production of this magazine. I would also like to congratulate the team for being able to place the 62nd edition of Saujana a step further from its past years, all by making the traditional magazine a tad more interactive by actively placing QR codes on most pages for the readers to explore and reminisce events and competitions that happened throughout the year. A leap into the future indeed!

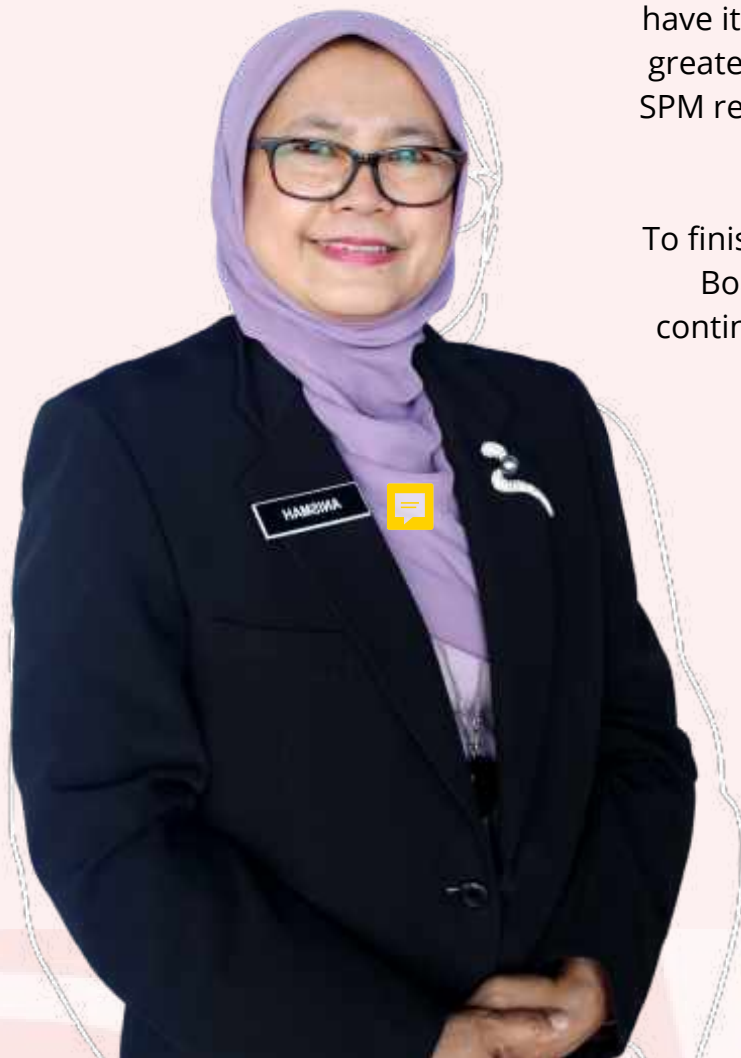

I would call 2020 a dark tunnel. The college faced a lot of challenges such as face-to-face PdPr session having to be turned into ones conducted through Zoom or Google Meet. However, from challenges like these, we get to learn new things and develop new strengths – and I can proudly say that we are doing just fine! Of course, the last statement could not have been said if it were not for the endless support and efforts from the OGA, PIBG, teachers, staff and students.

That being said, a dark tunnel will always have its end, a light at the end of it. It is with greatest hope that the yet to be announced SPM results of Xylix will serve as that light to help wrap up 2020 with pride.

To finish, just like the 2020 Saujana Editorial Board, I hope that the entire college can continue to learn, plan, commit and deliver with precision.

Thank you.

OGA PRESIDENT'S SPEECH

Tan Sri  Ruziah Salim, MGC/TKC Old Girls Association (OGA) President 

Assalamualaikum W.B.T.

Before anything, I applaud the team for completing yet another outstanding edition of the Saujana magazine! Looking back on 2020, COVID-19 proved to be a challenge. I must say, the girls portrayed the silver lining well by proving how we grew from these new challenges. I find this important as looking on the bright side of things manages one to grow better and more effectively.

As the president of the MGC/TKC Old Girls Association, it is with highest hope that the girls continue to preserve and strengthen the bond between the OGA and the current girls living in the college, despite the large age barrier. After all, the OGA's main principle is to let the flow of sisterhood continue, even if we all experienced Tunku Kurshiah College in different eras.

I also highly urge the girls to maintain Tunku Kurshiah College's glory in both academic and co-curricular aspects. The girls should continuously shoot for the stars and strive to produce the best version of the institution. In addition, the traditions that have long been practiced by the previous girls of the college must be maintained because after all, they are what makes Tunku Kurshiah College a step further from others.

Noting that, I hope that the dear readers will get to benefit the 62nd Edition of Saujana as a blossoming medium to discover and learn about my alma mater, Tunku Kurshiah College. To wrap up, I would once again like to congratulate the Saujana 2020 team for producing the masterpiece in your hands.

Thank you.

YDP PIBG'S SPEECH

Dato' Ahmad Nasharuddin Hamzah, YDP Parent Teacher Association (PIBG)

First and foremost, I am deeply grateful for being given the opportunity to say a few words in alignment with the production of one of the college's biggest glories.

Tunku Kurshiah College, simply, is a place to grow. Focused on polishing the girls' unique talents and discovering a few new ones along the way, the college undoubtedly never fails at what it does best — birthing future leaders. These leaders, who excel in both their academic and co-curricular views, are also equipped with poise and a strong sense of leadership that ensure success wherever they go.

In 2020, Tunku Kurshiah College faced challenges unbeknownst to the years before it. However, the institution still managed to pull through, all by still maintaining its place at the top. For instance, the college debuted Tunku Kurshiah Super Six or better known as TKSS, a rugby tournament under the school name. The tournament, receiving a massive number of participating teams, was a huge success with the college's very own team, La Reine, earning their spot as first runner up. In the future, if Allah wills it, it would be an honour for The Parents and Teachers Association to contribute to an event like this again.

On that note, most of 2020 consisted of online events and competitions. Nonetheless, the girls never cut off their journey in maintaining the shine on the college name and prevailed. For example, the Research and  discovery teams that represented the college never stopped the cogs in their minds from turning and producing new innovations, thus managing to bring home the gold. I think this truly proves that whatever the situation the collegians are in, they will still manage to make their way to the top.

To sum up all that has been said, it is with my greatest pleasure for The Parents and Teachers Association to play an active part in letting the girls of the college continue to reach massive heights and maintain their pride as a member of Tunku Kurshiah College.

HEADGIRL'S SPEECH

Raja Batrisyia Uzma Raja Ahmad Al' Konee
Tunku Kurshiah College's 2020 Headgirl

Assalamualaikum Warahmatullahi Wabarakatuh,

In the name of Allah, the most gracious and most merciful, I am honoured to have been given the chance to write for this esteemed magazine. First and foremost, I would like to extend my gratitude to the 2020 Saujana team for their endless efforts and sacrifices in making this masterpiece, 62nd Edition of Saujana a huge success. Although the journey might have been rough, I believe this publication will help us relive all the memories including the virtual moments throughout the year. I must say that 2020 has been filled with new words unlike any other, a year where online learning became the norm. Nevertheless, I am immensely proud of every one of us that has given the best to make everything possible despite the unprecedented events and still be able to carve numerous accomplishments.

As the Headgirl of 2020, I would also like to express my heartfelt gratitude to Bonda, teachers and parents for the amazing dedication and support and not to forget to all students for their cooperation in making the year successful. I would not say that the journey was easy but it was definitely one that I would cherish. I hope this prestigious institution remains as a ground that nurtures women leaders and continues to develop a strong character for the nation.

To my beloved juniors, you have yet to learn that being in this college is not a burden, but it is a privilege to all of you. Take this opportunity to prepare yourselves, embrace the challenge and hardships throughout your high school journey in TKC positively as it built your inner strengths and values for the life ahead. Always give your best in everything that you do regardless of the obstacle you might encounter. Stand together as a strong team and remember to Keep The Kurshiah Flag Flying High.

All the Best!

Thank you.

EDITORIAL TEACHER'S SPEECH

Sir Abd Fattah Jamaluddin, Editorial Teacher of SAUJANA 2020

The current pandemic has caused a lot of uncertainties especially to students and educators. We have to adapt new norms and new strategies to achieve our goals. This is what has been happening in TKC, specifically SAUJANA 2020 team. The school closure in 2020 had left us a limited opportunity to work like the previous editorials team but we managed to overcome all the challenges and achieved all our goals to make the 2020 edition a success.

SAUJANA 2020 is the success of the Students Editorial Board led by the chief editor and all students involved. They had worked tirelessly finding solutions in the midst of uncertainty.

The success of SAUJANA 2020 is also the result of cooperation of Parents, PIBG and our beloved Bonda Pengetua. Special thanks to Puan Hajjah Anismah Md Noh, Dato' Nasharudin Hamzah, Mdm Ir. Sharifah Azlina Raja Kamal Pasmah, Dr Haniza Omar, Pn Nor Raba'ah Zakaria and all the people who assisted the SAUJANA 2020 team in the form of ideas, energy, financial and moral support. Without your support, it would be an uphill battle for us to materialise this edition.

As the teacher in charge of the production of this edition, we hope that this edition of SAUJANA will be a memorable one. Kudos to the team! You all did great.

CHIEF EDITOR'S SPEECH

Damia Nourrys Faris , SAUJANA 2020's Chief Editor

Assalamualaikum W.B.T.

Scheming through the years, producing a Saujana Magazine was never an easy feat — and the 62nd Edition is no exception.

2020 surely managed to claim its name as a hurdle. It brought norms that were hard to overcome. Nevertheless, the bond between collegians managed to shift those walls into triumphs by always focusing on the silver lining of the situation. Hence, our team took the liberty to present that concept in the 62nd Edition of Saujana, the idea of how unity would birth achievements and success at the end of the day.

The team itself, too, has followed this concept. We've grown by facing hurdles together — mainly those hurdles being photo snapping, article writing, information garnering, page designing and funds hunting — and us too, at the end of the day have managed to gain our little product to triumph over, which is the book in your hands at this very moment. Each page you flip over to unveil would not have been made possible for not the continuous teamwork among the committee members, teachers, parents and alumni.

I am eternally grateful to the college for trusting me to lead the making of this year's Saujana magazine. However, flaws are inevitable and I would like to thank the Saujana team for patching up those holes.

A big thank you to the every single collegian as well, for being a part of the process — be it a team member in crafting this magazine or making an event a little more lively.

As a final bow, the 2020 Saujana Editorial team hopes that this prideful magazine can help make your look back on the past year at least a teensy bit more effervescent before you leap into 2021.

Keep the Kurshiah flag flying high!

GONE BUT NOT FORGOTTEN

THE PASSING OF MISS ASYIMA

Reported by Nur Sabrina

It was in the year 2017 when she first arrived at TKC. The new environment of a fully girls school surely shocked her, but she didn't let it stop her from teaching her subject, English, passionately. Miss Asyima was also a dedicated librarian teacher alongside Miss Wong during her years in TKC. Her students describe her as a fierce yet a kind and caring teacher as she always wanted her students to learn and understand English correctly in the best way possible.

Being such a hard working teacher, she gave her all, not realising that she was overworking herself. On a peaceful afternoon on the 2nd February, her passing was announced due to a heart attack caused by a burst capillary at the core of her brain. As a Malay idiom goes 'Harimau mati meninggalkan belang, manusia mati meninggalkan nama', Miss Asyima surely will not be forgotten and will always be remembered by the students of TKC for her teaching and services here.

THE OGS ARE GOING GREEN

TUNKU KURSHIAH COLLEGE OGA WALK-A-RUN

Reported by: Zara 'Ayesha

Green wigs are back on trend! The OGs are here again with the 3rd edition of Tunku Kurshiah College's Walk-A-Run Carnival located at the University of Malaya, as a fundraiser for "Tabung Kebajikan Murid-Murid Tua MGC/TKC".

This year's theme was Go-Green and the fashion enthusiasts were set to show off their skills. Leaf-printed shirts topped off with green wigs, the OGs truly went all out in proving they are all in for going green.

The fellow OGs then sweat themselves out in the 5km run alongside the Zumba sessions, busting out their moves. Apart from getting fit, it was also a time to get fat!

Food trucks were scattered around the area and lured the foodies in for a delicious delight. There were mini-games such as a rugby game played by the Old Boys Association from MCKK as well as frisbee and relay matches.

The Tunku urshiah Wind Orchestra kept the groove going with their fantastic performance and the new official Kurshiah's Cheerleading team impressed the OGs with their dance skills and cheer songs. There is no doubt that this reunion would surely be awaited yet again in 2 years time.

"Winning isn't everything but participating, sportsmanship and wanting to win sure is!"
- Haniza Omar, a fellow OGA member.

BROADCASTING BRILLIANCE

INTERVIEW WITH DR. RABIAH AL-ADAWIYAH,
FORENSIC DENTISTRY SPECIALIST AND OLD GIRL

Can you share a little bit about yourself?

My name is Rabiah Al-adawiyah binti Rahmat and Adaw happens to be my batchname. I was born in PPUKM, and now working there too! When I received the offer to enter TKC, I teared up as it wasn't my first choice of school but soon cheered up once I learned what a lucky gem I was to be accepted to such a prestigious school. I became a conductor in TKWO and played the college song on the piano for every formal assembly.

Alhamdulillah after SPM, I received a scholarship from Petronas and pursued engineering in UTP. However, I realised that engineering was not my cup of tea and decided to apply for a dentistry diploma in Adelaide, Australia. I recently finished my PhD in forensic dentistry and now continuing my life as a lecturer in UM and a forensic dentist.

As of today, there are only seven experts in this field which is showing that forensics dentistry is not very popular and exposed to Malaysians. How did you discover and got interested in this field?

At first, I became an oral surgeon and served in the Ministry of Health (MOH), but after the first three years of serving, I didn't feel attached to any department and began questioning my passion in the career. My queries were answered when one of my senior officers asked me if I ever heard about forensic dentistry.

After some research, life on a dental chair has come to an end as I decided to delve further with forensic dentistry. Hence, I decided to email the first forensics orthodontist in Malaysia and went to Universiti Malaya (UM) to take a first look at the job, starting with testing myself if I could handle seeing horrible dead bodies. The rest is simply history. One of the most memorable assignments I had was when I was assigned to collect all the 43 Malaysian passengers' dental records from the MH17 crash.

How was the pathway to become an expert in the industry?

The pathway is similar but different for every speciality. The first would be universities under Kementerian Kesihatan Malaysia (KKM), attached with hospitals and military. You could tag at the forensic dentistry department, for 6 months - 2 years, according to the vacancy and scholarships. The second path is under universities such as UM, UKM, USM, UITM, and UIA soon. You are given the opportunity to further studies, the usual course offered is 1/2 years masters, then you can graduate with a very specialised diploma.

You can also further your studies in phd for forensic DNA. I applied for a few scholarships such as Islamic Finance Development that supports whatever you want to pursue. A first hand tip would be not to restrict yourself to cliché scholarships as there are plenty of them out there, you just have to be the one to find them.

What is your opinion if more Malaysians opt to join this field?

I would be very happy as the more the merrier! I hope that the government would give more exposure about forensic dentistry as there are so many students just waiting to unleash their budding potential.

What would you say is the biggest challenge you've faced to date?

The biggest challenge I have faced is the community's lack of awareness on how important forensic dentistry actually is. On top of that, the funding received to extend the forensic dentistry field is barely enough to excel which results in minimal opportunities given in this field.

How did TKC help shape you into the person you are today?

Before entering college, I was shy and timid but TKC shaped me into a brave and independent person. There was the annual English Drama, where we had to be creative in expressing ourselves. We also had to conduct our own band practices at times. These situations helped us to figure out the best way to achieve our own goal on our own.

Any wise words to be shared to the girls of TKC today?

"No hesitation should hold you back, go for any opportunity that comes to you!"

Regardless of any situation, just be yourself! There is only one you in this world so show yourself. Have fun in everything you do and you will find your true passion within it.

INTERNATIONAL BACCALAUREATE®

TUNKU KURSHIAH COLLEGE IBDP PROGRAMME

The International Baccalaureate (IB) Programme aims to do more than other curricular activities by developing knowledgeable and caring young people who are motivated to succeed. We strive to develop students who will build a better world through intercultural understanding and respect. Creativity, activity, service (CAS) is at the heart of DP. It comprises of community service projects aimed at showcasing students' ability to connect with people and generate creative ideas. Several projects had been carried out by TKC's IB Students that had been largely beneficial for the school community.

During November 2018, there was a Be Smart Be Healthy workshop held for children at a local village. Other than that, there was also a Breast Examination and Talk by Klinik Kesihatan KLIA in conjunction with the TKCancer Awareness Program.

Some other activities were “A World of Imagination” project, IBeDoingPlogging, Road to Project Runway and Waste No Food volunteering with Kechara Soup Kitchen Society Seremban which focus on helping the needy. The IB girls also organised TKConserve Wildlife to raise awareness and empathy for animal issues.

The projects had been a huge success due to the assistance by the expert IB teachers and the dedication put in by its students. These valuable experiences may prove to be of great help in applying for universities as well as increasing leadership and people skills. The whole TKC Community is always eager to see what more programs and activities that the IBDP@TKC team has in store.

After 4 years of being dubbed as an International Baccalaureate (IB) Middle Years Programme school, Tunku Kurshiah College once again held their annual MYPIB exhibition. This event not only aims to display yearly assessments. Myriads of wonderful projects were presented, which include selected excellent assessments by students ranging from first to fourth formers, personal projects by fifth formers and CAS projects by IBDP students.

Most importantly, VVIP guest YB Tuan Haji Mohamad Taufek Bin Abd Ghani was truly impressed by our girls’ creativity and innovative-thinking skills throughout the exhibition. Interactive and audience-involving presentations successfully attracted students, teacher and visitors to all displayed exhibitions. Beaming faces were seen, marking the event as an undoubtedly victorious one.

APPLE DISTINGUISHED SCHOOL

TUNKU KURSHIAH COLLEGE APPLE DISTINGUISHED SCHOOL

Apple Distinguished Schools are the centres of leadership and educational excellence that demonstrates Apple's vision of learning with technology. The Apple Distinguished School programme is by invitation only for schools that meet the current program qualifications.

Since 2014, Tunku Kurshiah College (TKC) has become a pioneer in the implementation of future classrooms which offer virtual teaching and learning through the usage of tools and information technology (ICT) systems.

With the utilisation of iPads and the provisions of stable Wi-Fi connection throughout the school grounds, students are free to acquire knowledge without boundaries. Thus, making independent learning even easier. The idea to be recognised as an Apple Distinguished School was a suggestion by Puan Hamizan A. Hamid, former principal of Tunku Kurshiah College.

A team was established to drive the mission to achieve the recognition as Apple Distinguished School. The team consisted of En. Ahmad Bidin the Senior Assistant of Administration, En. Annuar Ahmad And En. Mohd Faizal Ismail, the technical support team and Puan Norlia Said the Apple Distinguished School Coordinator and other Apple Champion teachers.

With the collaborative efforts of everyone, TKC had finally been recognised as an Apple Distinguished School for its strength in innovation, leadership and educational brilliance all the way from 2017 until 2018. It is hoped that this accomplishment will ensure TKC will strive to go above and beyond in the usage of technology.

LEAP ED

TUNKU KURSHIAH COLLEGE LEAP FORWARD EDUCATION

In March of 2015, a LeapEd Services team started working with the staff and students at Tunku Kurshiah College. LeapEd is the first Malaysian homegrown education services provider to undertake a wide education transformation, with the distinction of being the design and implementation partner of Yayasan AMIR Trust Schools Programme, the nation's pioneer public school transformation program operating under the Ministry of Education Malaysia's Trust School Framework.

LeapEd which is a wholly-owned company of Khazanah Berhad aims to help set new benchmarks for the future of education through the introduction of best practice in education and school management. The LeapEd Team at Tunku Kurshiah College consists of an Education Advisor and two Education Partners. The teamwork in close conjunction with the Senior Leadership Team of the school delivering ongoing Professional Development to the staff through their specially designed modules. They offer a balance of innovation and experience, practical solutions and a commitment to excellence in ensuring that everything they do meets LeapEd's STAR quality criteria. They look forward to the continuing partnership and on-going development of Tunku Kurshiah College

SPEAKER'S CORNER

TUNKU KURSHIAH COLLEGE SPEAKER'S CORNER

Held every day, starting from January to March and continuing back from September to October after the PKP period, this newly introduced program leaves the students peering over the floor balconies to listen to the speaker of the day.

The aim of the program is to help in preparing all the needs of the students to talk about their ideas or opinions about cultures, traditions, and many more.

A microphone and a speaker are provided for each block for the talk to occur. From there the students are free to test their public speaking capabilities, gaining and polishing their confidence throughout the speech.

I felt somewhat nervous but happy that I can share my thoughts.

-Amal Farhana Jasman

KURSHIAH READS

TUNKU KURSHIAH COLLEGE KURSHIAH READS

Every Tuesday and Thursday, just before morning assembly, students will sit down in lines of their respective classes to read an article or a journal from the nilam box.

The nilam leader of each class will be responsible for the boxes, making sure it is ready before assembly and sent back just as the assembly starts.

The program provides a peaceful opportunity for students to gain knowledge in a quiet manner. Like Dr Suess, a famous children's author had once said "The more I read, the more I know. The more I know, the more places I'll go."

MY BEAUTIFUL TKC

TUNKU KURSHIAH COLLEGE'S MY BEAUTIFUL TKC PROGRAMME

The MyBeautifulTKC campaign which was initially initiated by our very own Bonda aims to improve the college by beautifying it not only by adding new infrastructures and upgrading existing ones but also by applying a responsible outlook throughout the college.

With this implementation, many new rules were introduced including the elimination of trash bins in all classes and dorms.

Although it might be hard at first, to get out of the usual old habits, Bonda believes with these new implementations will soon become a norm to the Collegians as long as the ball is kept rolling.

In the end, she hopes that all the efforts surrounding MyBeautifulTKC will be beneficial for everybody and it can help to create an institution that produces students that are well educated in all aspects.

THE FINAL CURTAIN CLOSE

SPM 2019 RESULTS DAY

Reported by : Sorfina Noor Azam

Relief, content, excitement and joy were all but concealed in the faces of all the girls of Trouvaille. On the third month of 2020, the most anticipated day for all fifth formers in Malaysia, SPM result day finally came knocking.

'Underdogs of the college', as our benevolent Bonda quoted, everyone was extremely proud for Trouvaille's accomplishment of 54 straight A's achievers. Proudly standing on the stage as the best in Negeri Sembilan, this long journey filled with many obstacles definitely concluded with a dream come true.

If one would ask any of the Trouvaille girls how they managed to acquire such a tremendous feat, the formula was simple: sisterhood. Helping out each other, burning the midnight oil together, never leaving anyone behind.

With all the hurdles they went through, luck was surely not the main reason for their success, but teamwork and hard work was. On behalf of the college, congratulations to Trouvaille and may the next journeys in their life be guided by the grace of Allah.

SPM INTERVIEWS

TROUVAILLE'S SPM 2019

TIPS IN STUDYING

Know your own style of studying. What I did was changing my style of study every two or three months, and then analyse my results using that particular style of studying. For example, I studied by reading for the first topical test in Sejarah, and then used a video watching style for the second topical. If my second result is better, I would probably use the second method. With that, I can pinpoint which style suited me the most. I believe that for every subject, there will be different style of studying, so use the one that can make you go the furthest! Of course, to use this method you have to try several times in order to screen the consistency of the results.

MESSAGE TO COLLEGIANS

Everyone is surviving their own battle. What we see is not literal because we have not seen what they've been through to achieve to the point where we see them today. So, be kind to others regardless of the treatment you get. Have courage to face change as change is inevitable. Change is hard, from my experience. For example, whether people stay or leave you is a thing you cannot control. Instead, control what you feel and learn through the process. Hence, brace yourself to face the challenges you are and will go through in the future. Strengthen your inner self. At one point in life, your people won't be there for you. It is up to you on what decision you're going to take. Hence, train yourself in bringing yourself up and keeping the positivity in mind. Lastly, have faith in yourself and believe that you can do it in every step of your way.

NIK AISYA ZAINAB NIK ABDULLAH SHUKRI

TIPS IN STUDYING

For me, the most effective way is by finding study buddies! Studying together helps you to enjoy your study sessions and consolidate what you have learnt. Also, you can ask each other about the topics you did not understand. Next, do not recycle your exam papers! Do your corrections and write your notes in the paper using coloured pens (preferably green) and put it in one file according to the subjects. This really helps especially for last minute studies, so you wouldn't have to read those thick revision books!

MESSAGE TO COLLEGIANS

Other than studying, cherish every moment with your friends and teachers, because as we graduate from school, it is very hard to have a get-together with the whole batch as everyone will have their own hectic schedules. I'm very sure that you will miss the all-girls environment as much as I do now!

DONNING ROSE GOLD, SUCCESS BEHOLD

PT3 2019 RESULTS DAY

Reported by : Damia Nourrys

For the girls of Darius, walking into the gates of Kurshiah has never been more nerve-racking on that day. Of course, who wouldn't be anxious during their PT3 results announcement day? Donning their signature rose gold bawals, the girls chatted away, catching up with each other and trying to ignore the anxious feeling booming in their hearts.

Being well known with the excruciating new syllabus and a dozen question format changes, the girls still managed to create history by having the most number of straight A's achievers of all time with a tremendous total of 67 girls and 35 near misses. Bonda expressed her proudness towards their accomplishments as her face glimmers with bliss.

As a great curtain closes their junior years, we hope an achievement like this, or even something bigger, can repeat itself in their final year at college. Congratulations to Darius, teachers and parents!

TUN SRI LANANG AND TUNKU SHAHBUDIN AWARD

MASTURA ANUAR

The Tun Sri Lanang Award is a special award presented by The Old Girl Association (OGA) of Tunku Kurshiah College. This award which is heavily influenced by performances in the linguistic world. Mastura certainly proved herself qualifying when she participated in Pertandingan Pidato Piala Tunku Kurshiah UKM and managed to earn a Gold Award in the Fully Residential Schools International Symposium (FRSIS).

The Tunku Shahbudin Award stresses on becoming a true leader. Mastura proved herself worthy for one main reasons — she's the heart that keeps the body of Trouvaille pumping and moving forward. She holds tightly onto the Malay saying; bukit sama didaki, lurah sama dituruni. She constantly holds and leads extra classes to help the batch rise together, namely for subjects like Additional Mathematics and Physics. She even helped build a mentor mentee system in the batch to increase the teamwork among her batchmates in the mission to achieve the best results for their SPM.

What is your main drive?

Myself. The thought of wanting to be a better version of myself and to push myself and see what I can do. And of course my amazing friends who give their heart and soul into everything that they do!

What keeps you moving?

Knowing that I have Allah by my side. Although I have to admit there were times where I wanted to stop helping and just focus on myself because of how tiring everything was, I am reminded by how He loves his servants who help others. I also know everything I do won't go to waste because He knows, and He never forgets.

Any tips for collegians?

Try your best to make your days in TKC to shape yourself into a better person. If you think a tradition is no longer relevant and brings no benefit to collegians, just let it go. Next, don't be afraid of change. Receiving these awards, I'm happy that I'm able to inspire others and prove that to be a leader is not all about what position you hold. To lead means to be willing to be of service to others and sacrifice yourself for the benefit of others. Lastly, respect people, no matter the age because that's decent courtesy for us as humans to treat others as humans too. In the end, we're all equal.

Principles?

"To go the fastest, go alone, to go the furthest, go together"

It definitely proved its effectiveness through our SPM results as well as in TKWO. Although for TKWO, we didn't manage to get Gold Award, but the family-like relationship between us was way more valuable than any award.

Things to live by?

Despite everyone wanting to be successful, keep in mind that all of us will be going through different roads to get to that destination. It's your ship to sail, so sail how you want it to. The key is the destination.

TAN SRI DATUK DR RAFIAH SALIM AWARD

MARYAM SAFFIYAH WIDAD MOHD AZMI

What is your main drive?

I could say my drive is achieving the best, together. I didn't specifically aim on getting straight A+s, I aimed on getting the best results I could achieve. I also made sure my friends were not left behind, I don't think that there is a purpose if I only let myself succeed.

What keeps you moving?

I wanted others to succeed as well. I wanted everyone to reach the same level of success, or maybe even higher. I spent most of my time helping those who were struggling in their studies and helping teachers plan study methods so we all could get on the stage at the end of the day.

Any tips for collegians?

Everyone should know their own limits. If you feel like you have to give up something, quit. Never push yourself too hard. I quit the Tunku Kurshiah Wind Orchestra (TKWO) realising that. Even if many would question your decisions, like my decision to quit the family I love dearly, always bear in mind that you know yourself more than anyone else.

Principles?

"Let Go and Let God"

It is important to strive for success! When you have done your best, we must remember to leave it in the hands of God. Never dwell on negative results, only use it to push you forward.

Things to live by?

I can't stress the importance of helping others enough! By helping others, I find myself studying more because I wanted to make sure that I could answer every single question asked by my peers and help them the best that I can.

The Tan Sri Datuk Dr Rafiah Salim Award presents itself to those who are all-rounders. From having a respectable attitude to a balanced academic and co-curricular performance, Widad surely deserved the trophy. She has brought the college name to immaculate heights, such as in winning the Silver Award in the Singapore International Band Festival 2018 with her family of TKWO members and sealed it off with an outstanding result of 9A+ for her SPM.

PUAN SRI ZAIDAH AWARD

AQILAH HUSNA BAHARUDIN

The Puan Seri Zaidah Award is given to students who surely prove that financial status is surely not an obstacle to reach heights, rather, it is considered as fuel to climb the ladder of success. Aqilah, the Assistant Headgirl, certainly portrayed that by being an all-rounder in co-curricular activities, such as the Gold Award for Tilawah Al-Quran in the Festival Kesenian Islam SBP and third place in Kejohanan Hoki SBP. She also achieved outstanding results for her SPM, 9As.

What is your main drive?

Honestly, my dream of making my beloved ones proud of me. By picturing myself holding the straight As slip with both of them by my side helps me to stay motivated whenever I feel down.

What keeps you moving?

My parents! My friends as well. Their extraordinary spirit of never losing hope on one another although there were so many challenges, boosted myself to rise and keep striving until the end.

Any tips for collegians?

Do and join whatever you like at the college only if you have self-discipline. Participating in competitions and extracurricular activities galore does seem, and really is, fun. However, you need to discipline yourself to balance them out with your studies. Neglecting your studies won't bring you any benefit!

Principles?

"Nothing is impossible."

Do not give up! There is surely a way to reach the pot of gold at the end of the rainbow, it just takes a million attempts.

Things to live by?

Keep a good relationship with everyone especially with Our god, Allah. Practice waking up early to perform Tahajjud prayers as the reward will surely help you in the long run, if not the short run.

BEST STUDENT FOR PT₃ AWARD

WARDINA SUFIYYAH ROSLAN

What is your main drive?

Seeing my previous seniors holding up straight As slip in their hands, receiving scholarships and making people around them happy, inspired me to do the same. I wish to work hard for the sake of my future, achieving my dreams to make huge contribution to the society and make my parents proud.

What keeps you moving?

My family. I tend to wonder at times of how much my family has sacrificed and contributed to me growing up, to be a healthy 15 year old kid. That contribution and love keeps on flowing, and as that continues, I simply determine to repay everyone for it. So every time I'm exhausted or the verge of giving up, I would look back at me being at receiving end to realise that I have to work hard to change that.

Any tips for collegians?

Prioritise your priorities. As a student in TKC, it's inevitable to be overwhelmed by a lot of things, either academically or co-curriculum. Put aside the unimportant things!

Principles?

Everything will pass by. At the moment or a year time, our situation or future may be exhausting or blurry. But we'll figure it out bit by bit, a step at a time. And at those moments that wears me out, I simply believe that everything will settle down and I will get it done.

Things to live by?

We tend to make mistakes in our everyday life and that's normal. And it is not about judging ourselves or others about the mistakes we or they did but it is to correct the wrongs and to take responsibility.

The best PT3 student award is given to those who have consistent academic achievements all year round along with outstanding success in co-curricular activities. Therefore honestly, no one was surprised when Wardina rose to the stage to claim this award. With her encyclopaedia of a brain and outstanding public speaking skills all wrapped up with her easy-going personality, this Malay debate team captain surely deserved to bring home the title of Pelajar Mithali PT3.

WALLER

THE FIRST LEAP

FORM ONE AND NEW FORM FOUR INTAKES REGISTRATION

Reported by: Amirah Najwa

It's registration day! Registration started at the break of dawn in Budiman Hall. Various facial expressions were worn by the 150 students present that day. Their day was then followed by the long-awaited Conferment ceremony of the College Sisters. The first formers were officially introduced to their College Sisters who would guide them throughout their first year in College.

Apart from that, the college also received a fresh batch of new fourth formers on the 13th of January. Their arrival was pleasantly greeted by their helpful buddies. Right after, Bonda gave a heartwarming speech and words of encouragement. Subsequently, Ustazah Narizan gave a rundown of the school rules.

Although the learning environment would be new for them, it is hoped that they will manage to adapt with it and be the ones with flying colours.

'I was mesmerised by the state of art architecture of the school and was excited to start my new life as a Kurshiah student'

- Nurul Syafiqah , a new fourth former student

'From the moment I arrived at college, I was overwhelmed and tired. But nonetheless, it was an experience I wouldn't trade the world for.'

- Khadeeja Asyari, first former

ONE HILL OF A SPORT

TUNKU KURSHIAH COLLEGE CROSS COUNTRY

Reported by: Zara 'Ayesha

Kicking off the new year with our annual cross country competition, the houses are all set for some friendly rivalry. The Kurshiah girls are back on the field, priming themselves for the upcoming run.

Not even a week of settling back in the college, some passionate runners are seen taking strides up and down the roads. House jogs were conducted by respective house captains during the early hours of the weekend and drills were slotted in during leisure time.

After weeks of preparation, the 21st of January came around, stamping the opening event of 2020 in the books. Our games captain, Iman Soraya, led the warm-up which then was followed by Mr Izzudin Ibrahim conducted a cheer song session to hype up the runners. As the ear-piercing horn was blown, each category was let off on the highway of Persiaran Pendidikan.

Placing:

JOHAN: Selindang Delima

NAIB JOHAN: Siti Zawiah

TEMPAT KE 3: Mahsuri

TEMPAT KE 4: Tun Fatimah

With an exuberant cheer, Selindang Delima rose to fame continuing last year's winning streak followed by Siti Zawiah. Overall, it was a joyous day that ended with great cheers.

"Everyone should learn from their mistakes and improve themselves whether it be for next year's event or the one after."

-Auni Bazilah, participant.

FRESHIES GOT TALENT!

ANNUAL TALENT TIME

Reported by: Amirah Najwa

Lights, camera, action! This year having being themed 'Freshies Got Talent', Talent time, the most anticipated event for the freshies was held. Talent time is the moment when the freshies can truly express their underlying talents. What made this year's talent time different that before is that the new intake of fourth formers also took part.

Besides that, this year the freshies were required to take part in two different competitions which consists of; recreating a music video and a live performance. The fourth formers performed a Bollywood themed dance which drove the crowd crazy.

The results are as follows:

The Best Music Video Performance:

Selendang Delima

The Best Open Performance:

Mahsuri

The Best Teamwork:

Siti Zawiah

The Best Costume:

Selendang Delima

The Best Vocals:

Tun Fatimah

Selendang Delima emerged as overall champions with their awe-inspiring performances that amazed the crowd. The freshies ended their day with the singing of their batch song; "Hingga ke Hujung Dunia".

All the effort and hard work of the freshies and fourth formers who guided them paid off. Good luck freshies in your bright future ahead!

SAREES UNDER CANDLELIGHTS

MAJLIS MAKAN MALAM BERADAB

Reported by: Amirah Najwa

With about a week of notice, the members of Siti Zawiah went hard to work. The lights were dimmed down and candle lights replaced the scene. Students were dressed in traditional Indian costumes such as Sarees and Kurtas to fit the theme.

The night started with a bang with a performance from the students of Siti Zawiah where they reenacted some iconic scenes from Bollywood Movies.

Each table was served with food provided by the Parent Teacher Association (PIBG). Music played while the Collegians dined as Aafa, one of the schools best singers sang her heart out and the Housecaptain of Siti Zawiah, Cherradi Ashaimaa surprised the crowd with a show-stopping performance of Zoobi Doobi.

Due to Covid-19, Siti Zawiah was the only house that was able to host the event. It is hoped that after the pandemic has resided more memorable nights like these will be able to be held by the other houses.

'We need to put in a lot of effort in dealing with any obstacles ahead because every effort will result in a meaningful success.'

**- Najwa Mohd Razali,
Assistant House Captain 2 of
Siti Zawiah.**

FORTUNE FAVOURS THE BOLD

TUNKU KURSHIAH SUPER SIX (TKSS) TOUCH RUGBY INVITATION TOURNAMENT 2020

Reported by: Zara 'Ayesha

On the 15th & 16th of February 2020, with the help of our touch rugby team La Reine, our beautiful school community, as well as some amazing sponsors, Kolej Tunku Kurshiah held their very first rugby tournament. La Reine has been showing such outstanding achievements ever since their first establishment in 2014 thus has gained an increasing number of fans.

Up and early, the teams are already trudging down the field to warm up for their upcoming games. The day started off with a slight shower that caused an hour delay but not even the rain can dampen the spirits of the games. 128 games were held with the participation of 29 clubs, both under-15 and under-17, from schools all across Malaysia.

Hardly anything can budge the look of determination on the team's coach face, Mr. Wan Mohd Fazli Wan Yusoff or better known as Monsieur Fazli, as he stood by the field, keeping a close eye on the games. With the ever-supporting up-roaring cheers from the school's cheer team, Kurshiah Ultras, it isn't a wonder how the team has snatched themselves a touchdown for every game, resulting with a straight win on the very first day.

Nature sure has a way to make a scene when the event was struck with a sudden downpour, causing tents flying about of their stands which resulted with a major evacuation into the Budiman Hall. Everyone was drenched from head to toe but thanks to the school's quick response, the situation settled down without much harm.

During the semi finals of U17, La Reine and SMK Tok Dor were neck and neck, both teams still not managing to score until it had come to a point which both teams dread; toss coin. Luck wasn't on La Reine's side when the coin favored SMK Tok Dor, having them continuing into the finals and finally grabbing the championship cup. As for the U15 team, they placed 2nd Cup where the champion cup goes to SM Sains Hulu Selangor (SEMASHUR).

The day was wrapped up with a performance from the school's cheerleading team and the award-giving ceremony. TKSS has surely made a mark in our planners that we will no doubt look back to reminisce about such an eventful weekend.

FORWARD MARCH.. HALT!

MARCHING PRACTICE DURING EXTRA-CURRICULAR HOURS

Reported by: Zara 'Ayesha

As Sergeant Major Sawal Bin Abd Ghani and his comrades walked into our Budiman Hall, they stunned us with their empowering voice that silenced the hall. A brief introduction was given on the discipline and basics of marching and the session started without a bump.

Divided into sectors, the directors introduced us to the familiar commands that we have learnt beforehand and demonstrated the response seamlessly. We were all in awe of their level of precision and prepared ourselves to mirror the movements.

The first few tries were a scuffle but after a while, our movements managed to do some justice. Majority of us managed to obey every command with little difficulty. A selected few from us were given the honours to march alongside the directors. The day was wrapped up with a spectacular marching performance from the team tied off with an all-inspiring speech by Sergeant Major Sawal.

Commands Glossary

SQUAD...

- ... SENANG DIRI – standing position*
- ... REHATKAN DIRI – standing resting position*
- ... SEDIA – ready position*
- ... LURUSKAN BARISAN – straighten the line*
- ...HENTI – stop*

“With a lot of effort & perseverance, we’ll be able to compete in next year’s competition!”
- Nurul Umairah, participant.

GET THEM HOOPS!

BASKETBALL 3ON3

Reported by: Zara 'Ayesha

Under the shade of the Azman Hashim Court Complex, the ballers are in for another game of 3-on-3. No doubt, our fellow collegians were eager to witness more hoop and dribble action on the court ever since the very first 3-on-3 tournament was held the previous year.

As the first horn blew marking the start of the tournament, the familiar yet intense aura made its way into the court. The ballers go head to head, dribbling around the court with only a matter of minutes to shoot for a win.

With to the constant cheers from the collegians, our Kudos girls remain victorious with a number of wins in their hands.

THE STAGE FOR THE FITTEST

TUNKU KURSHIAH COLLEGE ANNUAL SPORTS DAY

Reported by: Zara 'Ayesha

The pre-championship for field events were held earlier in the month, on the 2nd and 3rd March setting the scene for the upcoming main event on the 13th March.

THE RACE TO THE TOP

TUNKU KURSHIAH COLLEGE'S SPORTS DAY

Reported by: Zara 'Ayesha

As the sunlight beams off the glistening roof of Tunku Arishah Sports Arena, you can almost hear the intense excitement roaring out the fellow supporters as they trudge down to the track, ready to spectate the elated athletes. Multiple tents that had been set up by the houses as well as the Saujana and OGA team, all set to quench the thirst that is bound to creep in as the day gets brighter.

Under the shade of the Azman Hashim Court Complex (AHCC) is where our athletes prepared themselves. After a lengthy stretch & a series of light drills, the nerve-racking atmosphere begins to thicken. It was all fun & games until it was just moments before the events will start. Standing in the line, it was certain that by the look on their faces, that in the back of every athlete's mind stood one particular question: will the win be ours?

Every deafening blast of the horn was accompanied with erotic cheers that shook the whole field as the events go by. All the adrenalized athletes charged themselves, fighting against the wind with raging cheers that pushed them closer and closer, for a chance to grab the winning title.

The track truly became the stage for the fittest, where all of the efforts during the past month were finally tested.

As the events took place, there were some sneaky supporters as well as some athletes that were on a hunt for a well-earned drink, trudged off to the refreshing Milo truck. The cooling malt drink took no time to refresh the spirits. There were also very encouraging parents providing pep talks to the team to keep striving.

After all the events, the total wins had been tallied up and announced. With the ferocious spirit that blazes in the heart of the Mahsurians, they were the overall champs of this year sports day. Second to them is sun-bright Siti Zawiah followed by Selendang Delima and Tun Fatimah. Each and every single athlete did their absolute best and the overall event went smoothly.

Parents and teachers expressed their excitement for the next sport's day, where their fellow athletes would come back stronger!

MARCH (13 March)

Tunku Kurshiah's annual sports day marked the start of the First Term holidays.

Students were seen celebrating victories after sports day and welcomed the holidays.

With the Covid-19 cases in Malaysia escalating, the government announced its first Movement Control Order (MCO). The first phase of MCO lasted from the 18th until the 31st of March.

MAY

Students welcomed the holy month, Ramadhan from the comfort of their homes. Despite being far from friends, 'Tadarus al-Quran' was still held. Collegians recited the holy book over platforms such as zoom.

QUARANTINE TIMELINE

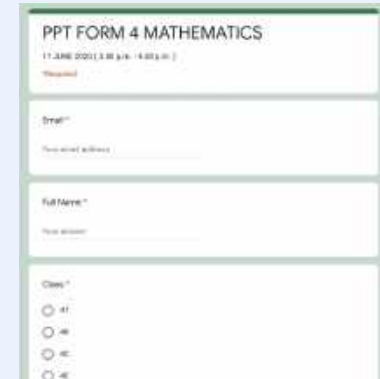

APRIL

With the Movement Control Order getting extended for four weeks at a time, schools all around the world started conducting online classes. These classes were held through various softwares such as Zoom, Google Meet and Webex.

There were a number of students who had difficulties participating due to the lack of Internet connection.

JUNE

To ensure students weren't falling behind academically, Midyear Examinations were held. The students were tested through various platforms such as google forms. With the Covid-19 cases under control the school administration allowed the Collegians to collect their personal belongings from school. Students dropped by school in stages from 15th June to the 18th June.

JULY

Phase 6 (PKPP) - 10th June - 31st August

Students returned to school in stages. Starting with the fifth formers on the 23rd of June. Three weeks later on the 14th of July, the fourth formers returned. Students were then given a week off from school for Eid Adha. On the 3rd of August, all forms returned with strict Standard Operating Procedures (SOP's) to prevent the spread of Covid-19.

THROUGH THE SCREENS

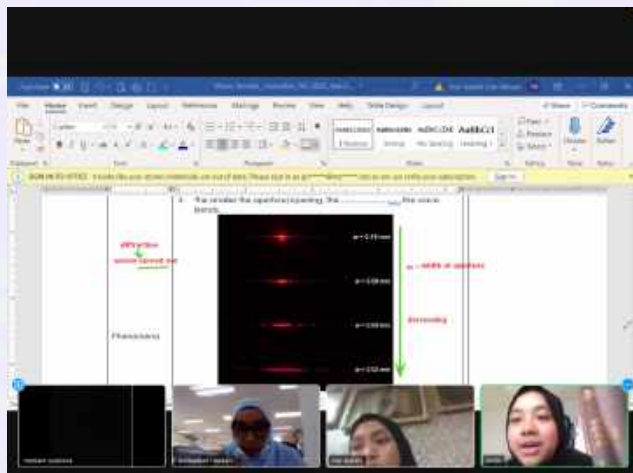

ONLINE BASED LEARNING

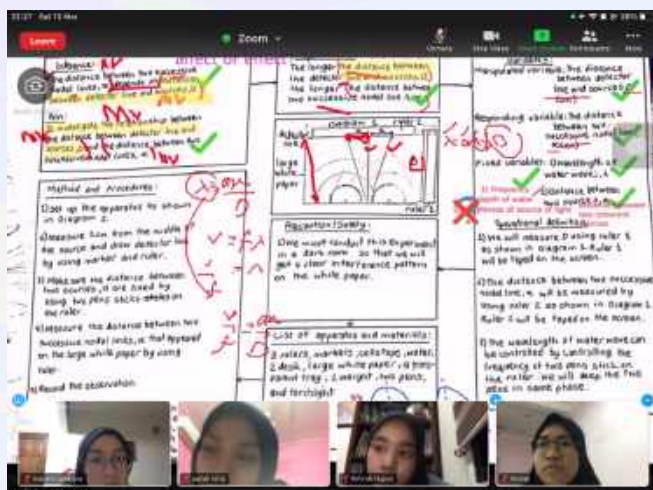

Reported by: Sabrina Hazli

Malaysia had been shocked by the sudden increase in COVID-19 cases in the late of March this year which led the Malaysian government to enforce the Movement Control Order (MCO).

The enforcement had affected all schools throughout Malaysia including our school. But the closing of school doesn't mean that learning can't be done. Fortunately, the students and the teachers had discovered many ways to have learning sessions and to communicate with each other.

Among the applications that had been used during the online learning process were Google Meet and Google Classroom. With the aid of these applications, students had successfully continued their syllabus without any difficulty. Many students had also said that it was fun and interesting learning through online platforms as it contradicted with the traditional way of learning.

All and all, it is hoped that with the new discoveries of learning methods, students will be able to put their shoulder to the wheel and become the best among the rest.

"Online classes are an excellent way to get the students' attention towards how important their studies are."

-Husna, a sophomore student.

ANOTHER WAVE OF FAREWELL

RETIREMENT CEREMONY OF
MISS WONG AND PUAN HAWA

Reported by: Sabrina Hazli

There's no denying that Miss Wong and Puan Hawa are one of the most beloved teachers in TKC. Unfortunately, all glad tidings must come to an end.

Puan Hawa started to teach Chemistry for the upper secondary students when she first arrived in 1993. Her sweetest memory was when she was awarded the chance to accompany our TKC team, the winner of the National Science Quiz in 1999 to attend the Nobel Prize Ceremony 1999 in Stockholm, Sweden.

On the other hand, in the year of 2008 and 2015, when TKC's PSS was selected to enter the National Level Excellent PSS Competition, Miss Wong was on her usual duty. With the competition in the palm of her hands, she compromised her time to spend the night at PSS with some committed librarians to prepare.

Their kindness and passion throughout their teaching days have embedded a cherished mark in each students heart. Our collegians bid them the very best in their next chapter of life. May their glowing presence continue to enlighten others.

CHASING LAYLATUL QADR'

IHYA' RAMADAN PROGRAM AND TEACHER'S DAY

Reported by: Sabrina Hazli

"Bangun, sahur!" That is the usual phrase used by the naqibahs during the Ramadan month to wake their fellow collegians up for sahur. However, for this year, our fasting month couldn't be held in school due to the pandemic.

But instead, our school's BADAR (Badan Agama, Dakwah dan Rohani) has initiated a Telegram channel to encourage the students to take advantage of this month that only comes once a year.

BADAR had also created online tadarus groups consisting of all students with one Naqibah in each group to connect and do good deeds together such as reading al-Quran.

At the end of the month, the school had also organised a Teacher's Day celebration and the closing ceremony of Ihya' Ramadan. The event started with speeches and performances for Teacher's Day. After that, it continued with performances with Hari Raya being the theme instead. The closing ceremony of Ihya' Ramadan was then kicked off with Ustaz Azrae reciting the khatam al-Quran dua and Salawat with teachers and students.

HOPE SPRINGS INTERNALLY

IPAD CONTRIBUTION

Reported by: Nishrin Narissa

Being an Apple Distinguished School, students in TKC frequently use iPads to do their research, making their learning easier and much more efficient. Due to the spread of the COVID-19 virus, students are required to stay at home and have their classes held online instead, doubling their time on their iPads.

However, some students don't have the privilege to have an iPad like others. As a result of not owning the gadget, these students couldn't catch up with their studies. In the early of June, with the initiative and kind generosity of our OGAs, these girls were gifted an iPad each.

The smiles showed how grateful they were to receive help when it was really needed and expressed their gratitude by using the iPads wisely. Not just that, our beloved principal, Pn Hj Anismah M. Noh gave them constant advice and emotional support throughout the Movement Control Order.

We would like to thank the school and the generous OGAs in helping these students. It is hoped that the students of TKC will follow the steps of our OGAs to always lend a hand to the ones who need it.

"I'm very grateful to the school for their concern for students like me."

-Nur Hamyera Shazwienna, an iPad recipient.

THE DAWN OF INDEPENDENCE

INDEPENDENCE MONTH LAUNCHING

Reported by: Nishrin Narissa

Planning activities during the independence month started about a month earlier where the committee members were appointed and entrusted according to their respective areas of responsibility.

Everyone worked hard to generate ideas together with the teachers who are involved. Most of the proposals were sadly rejected as there were activities that could not be carried out due to the rapid spread of the COVID-19 virus. However, 'giving up' is not in the committee's dictionary as they were always eager to ensure the success of the program together.

To ensure that the opening ceremony is carried in compliance with the COVID-19 Standard of Procedures, students were given a briefing of their movements. Thankfully, the opening ceremony went smoothly with the performances and the cooperation of the students present. A mirror ball has been used to complete and enliven the launch of this memorable event. The gimmick was to display happiness and gratefulness for the 63rd year of independence of the country. The ceremony was definitely different than the years before, but still one of a kind.

BEAUTY WITH BRAINS

THE NEXT IBU ZAIN

Reported by: Amirah Najwa

In conjunction with Independence Month, a competition to find the next beauty with brains was themed as The Next Ibu Zain. Pair by pair, the participants strutted with confidence on stage showing off both their beauty and brains as they answered a couple of brain teasers with style.

Due to the ongoing pandemic, chairs were separated a meter apart, but this didn't stop the crowd from going wild. The first performance was the school's dance team, Gemalai Tari Kurshiah which blew the crowd away. The show stopper was followed by a performance from one of our top singers, Nurdamia Faizal where she sang her heart out to Ella's hit single Standing in the Eyes of the World.

The long-anticipated time had arrived, the announcement of results. The winner for the lower form category was the 'Ain' duo; Ain Nazurah Saifullizan and Ain Umairah Zaihan. For the upper form category, Alis Marisa Fazli and Alia Nurdina Kamarauzaman emerged as the champions.

The Next Ibu Zain truly showcased the Collegians talents and brought the phrase "beauty with brains" to a whole other level.

"The Next Ibu Zain taught me that walking in heels is not just about being pretty and confident but to be courageous and to go beyond my limits."

- Nur Aqilah, Participant.

STAIRCASE TO THE STARS

TROUVAILLE SHARING WITH XYLIX

Reported by: Damia Nourrys

Sisterhood in Tunku Kurshiah College is not only limited to the people donning the same coloured bawal, but also between other batches and this sharing session serves as another proof to go down in the files.

14 girls of Trouvaille returned to the college one evening to provide a simple sharing session regarding what they have been facing almost a week since they became alumni - scholarships.

Through the session involving Xylix, currently the eldest batch in the college, they shared a plethora of information regarding their experiences in trying to reach their dream scholarships, from preparing an eye-catching resume to adapting with online interviews due to the current pandemic.

Undeniably, the inter-batch session helped prepare the girls with the knowledge and tactics they needed to reach for the stars.

Sisters would always help out each other whenever in need,
-Nurin Najwa, participant

A JOURNEY BY SOFEA ARISYA

SOFEA ARISYA & XYLIX

Reported by: Damia Nourrys

When the former headgirl of the college, Sofea Arisya M. Shaifuddin stepped again into the college gates after two years, all the collegians certainly couldn't stop buzzing it about.

On the 14th of August, Sofea Arisya shared her story titled A Journey with the girls of Xylux at the Budiman Hall. In the event, she shared all her milestones in life so far, from first stepping into primary school to the person she is today. Like all journeys, it wouldn't just be a walk in the park — she didn't forget to include her struggles during her budding beginnings in the college and portrayed how the pain can reflect triumph at the end of the day. She closed the talk with a Q&A session that helped consolidate the girls' building uncertainties.

The fifth formers surely adored the session. Sofea's story felt very close to them and plucked a few heartstrings as she talked from the perspective of a collegian. They noted that these struggles were pieces and parcels of growth, that would help them to become better.

"Best advices come from those who walk in the same shoes — or in this context, court shoes!"

- Nurul Iman Irwin, Batchleader of Xylux

CHEERS TO THE ACHIEVERS

MAJLIS ANUGERAH KECEMERLANGAN

Reported by: Zara 'Ayesha

Upholding their exceptional academic achievements, our Kurshiah girls never fail to amaze us all. With that, an exclusive ceremony is held annually with a sole purpose to acknowledge and celebrate the girls many successes.

With glistening proudness soaring high and smiles tossed about, the awards were handed to the our stars as the gamelan girls welcomed them onto the stage. The highlight of it all was no other than the astonishing celebration of both Darius PT3 and Trouvaille's SPM results awards as well as the awards given for the hard-working, dedicated teachers.

Not to forget, the spectacular performances from our Gemalai Tari Kurshiah to tie together the day. It is hoped that our Kurshiah girls will maintain their outstanding momentum to strive further and excel at greater heights.

HAND IN HAND FOR A BETTER KURSHIAH

PARENTS TEACHERS ASSOCIATION GENERAL MEETING 2020

Reported by: Sabrina Hazli

On the 22nd of February, the school organised the PTA General Meeting involving parents and teachers at the Budiman Hall. The event started with the re-election of the PTA committee followed by a meeting to discuss the parents' concerns regarding the students' as well as ideas to improve the students' well-being.

The elected 2020 President of PTA, Dato' Ahmad Nasharuddin Hamzah said that it is an honour for him to be re-elected, but of course, it comes with a set of challenges and expectations from all sides and corners. He hopes that he can continue to deliver his duty well in 2020 for the betterment of TKC.

UNITY OF EXCELLENCE

TUNKU KURSHIAH'S PREFECTS COMMISSION CEREMONY 2020

Reported by: Zara 'Ayesha

On the 3rd February 2020 situated in the Budiman Hall, the commission of prefects was held. Yang Dihormati Supt Mohd Nor Marzukee Bin Besar, Chief Police of Nilai commemorated the event starting with an inclining speech, inspiring the fellow prefects about how their prestigious role and duties plays a major part in shaping the colleges' overall discipline.

Feeling the weight of the responsibilities that lie upon their shoulders, the event continued on. Head held high, one by one the prefects walked upon the stage to receive their well-deserved certificates.

The Prefectorial board's pledge was led by Raja Batrisyia Uzma Raja Ahmad Al'Konee, as head girl of Tunku Kurshiah College 2020. Uzma signed a couple of documents, entrusting the college on the commitment of the prefects towards their duties. A quick photography session marked the end of the ceremony.

STANDING HIGH AND PROUD

A TALK BY FYNN JAMAL

Reported by: Damia Nourrys

The girls of Tunku Kurshiah College can gladly say that we are educated to stand on our own two feet. In order to strengthen this principle, the school called upon Fynn Jamal, an Islamic preacher known nation-wide to share a few wise words.

The talk emphasised about empowering oneself as a muslim woman. Through the relaxed atmosphere of the sharing session, she reminded everyone to be confident of themselves and to not follow trends that we dislike or go against our religion, Islam.

The girls certainly enjoyed themselves with Kak Fynn's humorous approach to her words, along with the input that everyone found relatable to. The session finished with a Q&A session and of course, a special request of Fynn Jamal singing her well-known song, Arjuna Beta that managed to bring a few to tears when listening to the lyrics.

"I learned to **love** more faith in The Almighty in every step I take."

— **Farah Ateeqah, participant**

BUILDING BONDS

PEMANTAPAN UKHUWAH TINGKATAN 1 2020

Reported by: Zara 'Ayesha

On the 12th of September 2020, the PRS (Pembimbing Rakan Sebaya) of the college decided to conduct a programme to strengthen the bond between the form 1 students.

The event kicked off with an energising aerobic dance session under the shade of the Azman Hashim Court Complex. An inspiring speech was given by Pn. Wan Nur Aizahanis, one of the school's counsellor before the ice breaking session was taken over by the PRS team. After a round of games, a talk was given by Wardina Roslan, a fellow prefect, about life at college.

After the lunch break, a few games were aimed to help with the usual college ethics such as how to give respect towards the teachers and other collegians. Once the freshies finally meet eye-to-eye with the PRS team, the event is then wrapped up with a summary by Ustazah Narizan Mamat.

The evening ended with smiles going around as the freshies sang their batchsong. Thanks to the great cooperation amongst the form 1 students the form four PRS team, the event turned out to be a success.

"We hope that the event benefits the form 1 students for their journey in college and life."

-Sabrina, PRS of form four.

**keep the kurshiah
flag flying high.**

THE SCOUTS TRIBUTE

GIRLS SCOUT HARI MALAYSIA SINGING, SAJAK & POSTER COMPETITION

Reported by Zara 'Ayesha

In the midst of the pandemic, our Girls Scouts unit braved themselves and participated in an online singing competition. Although it was an unplanned event, our scouts gave their best shot. The first quest they had to undergo is to gather their group members and find the most suitable song to charm the judges. The main theme was Hari Malaysia and the classic song, 1 Malaysia was chosen.

The practice session started with the scouts trying out different tones of voice, exploring which voices suited them the most from sopranos, alto, tenor and even bases. Even with the time constraint, they managed to pull off the video after a couple of takes.

After a busy week of school, the results surprised our fellow scouts. Satisfactory smiles were plastered on their faces as they gaze at their first prize title for both singing and poster competition. The event reminded them what being a girls scout is all about; developing their full individual potential whether it be through teamwork or even a round of choir.

*"If you never try, you'll never know."
-Hanna Humaira, a member of the
Girl Scouts unit.*

COACHING THE CADETS

UJIAN KECERGASAN KOR KADET POLIS
DAERAH SEREMBAN 1

Reported by Zara 'Ayesha

"Good teamwork spirit is needed to improve ourselves and others to achieve our goals."
-Nurmarissa Ezureen, participant.

Roll up, roll up! Our fellow police cadets comrades are here. The 5th of March marks the date where the squad will be tested on their physical limits in the Police Cadet Fitness Test, Seremban 1, at the Mahkota Hills Clubhouse. Up and early the participants went for a quick jog to start up the adrenaline as they prepared themselves for the upcoming 3km run later in the morning.

The morning heat and steep hills weren't much of a company. Nevertheless, our fellow comrades fought through and finished the run under an impressive time. However, the fight didn't just end there as right after the run there was a marching session. After a tiresome session, our cadets were announced the overall best female team, as all of the team managed to place in the top 60.

All in all, their teamwork capabilities were tested throughout the whole event and their level of discipline were improved and polished during the strict marching practice.

The word police mean the department of Public Officer for Legal Investigations and Criminal Emergencies and or referred to as Polite Obedient Loyal Intelligent Courageous Efficient.

THE NEXT BILL GATES?

CHIPTA 2020

Reported by Damia Nourrys

Progressing into the future, the annual Hackathon competition has been a favourite of the college. This year, the college sent three teams to hustle for the winning medal, namely teams Promethean, Three-Sixty and Overdrive. In the first round of the competition, the participants had to draft out their project ideas where they would compete to be selected into round two.

The second round is where the hard part comes. They were required to bring their proposed projects to life by transforming it into an application. If the dry eyes weren't enough, the numerous coding errors that left them stumped and back to square one was the toll of this challenge.

Lady luck certainly favoured them! The team Promethean managed to get second place, while team Three-Sixty earned a spot in the top 10 in the Secondary School category.

"Being the only second former in a group of four, I could feel the bond between us strengthen! Of course, we couldn't have done it without the expert guidance from our teacher, Puan Norhasyarmin Irnida."

— **Shasha Qistina binti Shahridzuan**

**"Enabling Innovation for
New Norm & Better Future"**

CHIPTA has different challenges each year. As for CHIPTA 2020, the competition takes the above statement as this year's theme. The participating teams were required to develop an application that includes one or more of The 17 Sustainable Development Goals which is a global agenda crafted by the United Nations.

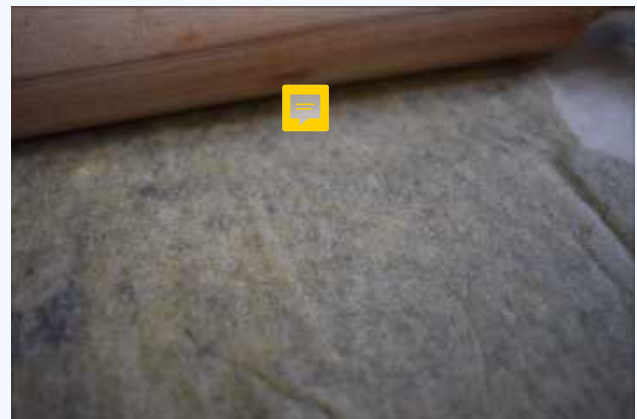

INNOVATION STARS

INNOVATION COMPETITION (NATIONAL SCIENCE WEEK 2020) NEGERI SEMBILAN LEVEL

Reported by Sabrina Amrul

On 16th October, Tunku Kurshiah College sent three teams to the innovation competition in addition to the National Science Week 2020. After a strong fight, one of the teams managed to emerge as champions for the secondary school category with their outstanding project named Plastorvy Melon. The competition was held using an online platform as the Movement Control Order prohibited the competition from being held physically.

There were a variety of hurdles that had to be faced during the competition. One of them was that they were forced to cancel their experiment session which supposedly had to be done at the National University of Malaysia. Due to the restrictions of the pandemic, their resources were limited to what they have on hand. Nevertheless, these obstacles did not scratch their eager spirit to ace the competition.

“Although we did not manage to win in the previous competition, but Alhamdulillah we won in this competition. All of our hard work definitely paid off as we become the winner of the secondary school category”
- Lily Sofea, team leader

PREPARE FOR GLORY

SAINS SELANGOR INNOVATION COMPETITION

Reported by Nishrin Narissa

From the 10th to 12th of September, TKC sent 6 groups of fourth formers to Sains Selangor Innovation Competition or also known as SSIC. From a hand carry vacuum to starch-made soap, these groups definitely put their all in everything they do. They too, went through a lot as they have to focus on their nearing examinations as well.

For them, complete the task in groups was not as easy as 1, 2, 3. So they took matters into their own hands to divide the tasks equally. All of the team members worked together to create the set tasks and discussed between themselves the best way to further intensify their innovation project.

Without a doubt, the hint of nervousness was still there but nevertheless their confidence outshone their worries. Here, lady luck strikes again as she sides with the collegians. Gold and silver medals were brought back as a result of their efforts, proving that the girls of Kurshiah will crush any barriers the world gives them. Congratulations, Kurshiah!

GREEN GIZMOS

WASTE TO GREEN CABARAN STEM MAYA 2020

Reported by Damia Nourrys

Transforming waste materials into wacky machines has always been an expertise for collegians who are active in the research and development world. This time, two teams acting as representatives of the college, submitted two products respectively, Pulito Vacuu, a mini travel-friendly vacuum and Cisty Tea, an effective dish soap.

These students stressed on that communication being the main obstacle throughout making their invention as they were stuck under the roofs of their own houses due to the Covid-19 pandemic. Their string of efforts certainly paid off as Pulito Vacuu managed to achieve the yet another Gold Award at the end of the day.

"I created the brainchild of this product back as a simple art assignment with keeping the concept of My Beautiful TKC in mind. Never would I have ever thought that it would reach this far!"

— Nafha Nabihah Azwan Azrin, mastermind behind Pulito Vacuu

Why try R&D?

1. You challenge your brain to marvel up innovations! Who knows, one or more of the many ideas can make you reach amazing heights.
2. Learn to make the most of what you have! Research and development allows you to use daily items you find everyday to create new products.
3. Expand your knowledge. When using a certain material to craft your product, you would make extensive research on it to ensure if it is suitable to use.

SAPPHIRES OF KURSHIAH

ANUGERAH TOKOH NILAM KEBANGSAAN 2020

Reported by Sabrina Amrul

Puteri Sarah and Raja Batrisyia Uzma are back again making the college proud in another prestigious competition. This time around, these girls are representing the school for Anugerah Tokoh Nilam Kebangsaan 2020 and had successfully qualified for the national level.

Unfortunately, the competition had to be delayed later in the year to the 6th of August. The national level had been different for them as it was online. As the competition consists of individual and group evaluation, they felt it was very difficult to communicate with other participants.

During the competition, they had to make sure that they established a good rapport and reached a level of trust between the judges. In contrast with that, they were very satisfied with themselves as they managed to pull off tremendous effort.

Their hustle definitely didn't go to waste as Puteri Sarah had been awarded with the fifth place for the national level.

Why was the NILAM program invented?

- 1. To expose students to materials written in English*
- 2. To motivate students to read and to inculcate in them the reading habit*
- 3. To introduce elements of literature into language teaching*

"I hope this could inspire others as NILAM is one of the platforms that helps develop communication skills."

-Raja Batrisyia Uzma, the participant of Anugerah Nilam Kebangsaan 2020.

ONE TEAM, ONE DREAM

ZA'BA DEBATE CHALLENGE 2020

Reported by: Nur Sabrina Amrul Hazli

Starting from the 28th of February, the debate teams had participated in the Za'ba Debate Challenge 2020 held at the National University of Malaysia. Astonishingly, our school's English debate team had victoriously won the competition.

Their secret to their success is cooperation. For their preparation, they had worked together with the entire debate club to prepare and finish the fact sheets that were needed. They went the extra mile every evening despite their packed schedule.

The best overall debater, Aina Balqis, believed that this year's competition was overall excellent as the theme was about the environment which is a critical issue that should be discussed especially among youths.

Why should you try debate?

1. It improves your academic work
2. You will get genuine life skills
3. It's a place to be passionate

"Never give up on your dreams regardless of how many times you've failed as hard work definitely pays off."
-Nur Aina Balqis, the best overall debater for English debate category

MAKE IT A DOUBLE!

THE 47TH PRIME MINISTER'S CUP DEBATE COMPETITION

Reported by Sabrina Amrul

Both Malay and English debate teams had participated in this year's Prime Minister's Cup Debate Competition's Southern Zone and had victoriously won gold awards thanks to their dedication. The English and Malay debate team had also gained first and third place in this zone respectively.

A week before the competition, the Malay debate team spent their evenings practicing debate and researching at the staff room. For the English debate team, they arrived to the competition this year whilst bearing the great pain of being last year's semifinalist for the competition. Having ranked first in the Southern Zone made them believe that they were one step closer towards their big goal, but it seems as if there were better plans when the COVID-19 outbreak struck sooner than wished for.

What are the positions in an Asian Parliamentary format debate?

- First speaker of the Government.
- First speaker of the Opposition.
- Second speaker of the Government.
- Second speaker of the Opposition.
- Third speaker of the Government.
- Third speaker of the Opposition.
- Reply speaker

"If you are willing to strive, legacies will always continue"
- Nurul Iman Irwin, English debater of Tunku Kurshiah College.

THE LIGHT AT THE END OF THE TUNNEL

WARTARI MALAYSIA,
PERTANDINGAN NYANYIAN SOLO MINUS ONE &
TARI SOLO SEKOLAH MENENGAH PEREMPUAN

Reported by Amirah Najwa

With the world in shambles due to COVID-19, adjustments had to be made to fit in with the new normal. The 31st of July was the submission date of various competitions with the new rules and regulations. One of the new rules introduced was that all the performances had to be recorded and posted online.

5 representatives were sent to compete in three diverse competitions. The results are as follows;

Wartari Malaysia
Participants: Alis Marisa, Nur Darwisya Fatini
Placing: 3rd at the state level, advanced to national level

Nyanian Solo Minus One Sekolah Perempuan
Participant: Aufa Amani
Placing: 10th place

Fest Tari Solo Sekolah Menengah Perempuan
Participant: Aina Safiyah
Placing: 3rd place

'We're honoured to be given the chance to dance to different types of cultures in Malaysia, indeed all of them were unique in their ways' - Nur Darwisya Fatini

Numerous drawbacks were encountered by the participants as they tried to put their best foot forward. One of the challenges faced by the dancing duo Alis and Darwisya was the distance between them as one of them was living in Perak as the other in Negeri Sembilan. Their initial take was invalid causing them to have to meet up in Putrajaya on Eid-Adha itself. Their one day worth of intensive practice paid off as they managed to advance to the National level.

According to Aufa, the young star, she faced microphone difficulties. Her initial take was in the comfort of her home but had to retake it as the sound quality wasn't the best. Hence, she stopped by Multimedia University (MMU) Melaka, to use their hall as only then was the sound quality tip top.

Aina found difficulties in finding a suitable background for her remarkable dance to Siti Nurhaliza's Kurik Kundi. She portrayed three unique dance styles; Malay, Sabah and Sarawak, and Minangkabau. This global pandemic proved that collegians can shine even with anything thrown their way.

HERO WITHOUT HEROINE

POEM RECITATION COMPETITION IN
CONJUNCTION WITH THE ANTI-DRUG MONTH

"I felt very happy as I gained many new experiences throughout the competition"
- Norhizrin Dania, the second best overall poem reciter.

Steps to Craft a Good Poem

- 1. Select the main theme of the poem*
- 2. Determine the tone and the structure of the poem*
- 3. Choose the right word*
- 4. Develop an suitable atmosphere for the poem*

Reported by Sabrina Amrul

On the 25th September, Quzandria Rania and Norhizrin Dania joined a poem recitation competition which was held in conjunction with the anti-drug month. The competition was held through an online platform yet this didn't stop them from achieving great results in the competition. With the help of Puan Noor Hidayah Ibrahim, they had successfully managed to top the charts in both categories.

Rania never thought that she had a hidden talent of reciting poems. However, she surprised herself by her remarkable achievements. Although she had just entered this field of poetry, after getting support and training from teachers and friends, she gained new experiences that would certainly last a lifetime.

CHALLENGES IN THE PURSUIT OF KNOWLEDGE

SBP CONFERENCE

Reported by Zara 'Ayesha

The Movement Control Order (MCO) period surely took a toll toward the academic world. Ever since the start of its operation, numbers of the economical and political sectors went into total lockdown, including the most primary institution; school.

Head Students of SBP (Sekolah Berasrama Penuh) gather in an online meeting along with our head girl, Raja Uzma Batrisyia, to discuss the most efficient way to motivate students during the MCO. There were an array of factors as well as obstacles that were discussed throughout the meeting. Even so, the evolution of education that had been continued online by the ministry throughout the MCO gave a green light for programmes to be held using certain platforms such as Youtube and Zoom.

"Takkan terkenan, walau terkesan" aims to create a path in the mindset of students, especially the fivers, to keep striving in the pursuit of knowledge even during the current circumstances. Other than that, the slogan also stresses on that, the pandemic shouldn't stop us from seeking knowledge.

With the constantly evolving technology, this program also exposes students to the different ways knowledge can be obtained especially through online platforms and apps that can easily be reached by the tip of our fingers.

BEYOND LIMITS!

STAR CONFEX 2020

By: Nur Sabrina

STAR Confex is an event which is held annually, joined by numerous boarding schools around Malaysia. Our school surely will not miss the exciting opportunity to compete in this event.

Here, the students are required to think outside of the box such as in the STAR Confex E-Conference where they are required to come up with creative solutions to solve the mind-whacking problem given.

Our school representatives' hard work in giving their best in the competition definitely didn't come to any waste. There were several competitions that they had won in this event, one of them was receiving the award of the best YOU-LEAD infographic in the STAR Confex YOU-LEAD 2020.

All in all, the school's team surely made the school proud with their endless achievements.

TABLE OF ACHIEVEMENTS

THE OTHER END OF ASIA

JAPAN CULTURAL PROGRAM 2020

Reported by Damia Nourrys

Noticing the students' love for the Land of The Rising Sun, the International Baccalaureate Program of the school crafted a trip where some lucky students, accompanied by a few teachers, gained the golden chance to set foot in the country. The trip kick-started with the 24 program pioneers making an official visit to Tokyo Gakuei University International Secondary School.

The students also experienced living with their respective Japanese host families in Yokosuka Village to indulge deeper in the unique culture of Japan's citizens. As education is the main purpose of this program, the students paid a visit to a life safety learning centre where they were taught on precautionary steps to take whenever an earthquake strikes, as the natural disaster is not a taboo in Japan.

At the end of the day, the students cherish the values they have learned throughout the trip that flows along the My Beautiful TKC program. Until we meet again, Japan!

"We had to perform a cultural stage during our visit to the university. Off and on the stage, we worked hard to present the best Angklung performance for our Japanese buddies to see. I'm proud that not only did we get to strengthen our teamwork, but also share our culture." — Ar Rasyidah binti Ululazmi, Angklung performance leader

Getting around Japan

Thinking of travelling to Japan? You could always ask for a few tips from the many girls around college learning Japanese as their third language, or master these simple sayings below!

- こんにちは (konnichiwa) — Hello
- ありがとう ございます (arigatou gozaimasu) — Thank you
- すみません (sumimasen) — Excuse me
- お願いします (onegaishimasu) — Please
- はい (hai) — Yes
- いいえ (iie) — No

COME ONE, COME ALL!

SRI AMAN ENVIRONMENTAL AND ENGLISH YOUTH LEADERSHIP SUMMIT (SAEYLS)

Reported by Amirah Najwa

The Sri Aman Environmental and English Youth Leadership Summit (SAEYLS) is an annual event held by SMK (P), Sri Aman. Participants from all over the globe attended this summit making it an international event.

Due to the global pandemic, this summit was held virtually for two days. The events consisted of a forum, cosplay competition, and a poetry recitation. For the forum, they had to create slides to present their ideas on their given topics such as the climate crisis.

The cosplay competition required the participants to fabricate a costume fully made out of recyclable items. A simple photoshoot was also carried out to show off their amazing artworks. During the google meet sessions, Amirah Alyzan strutted her design and won the hearts of the judges with her show stopping, creative costume.

The last competition held was the Poetry recitation. Themed nature's voice, participants had to write an original piece and recite it during the google meet session. Sabrina Fakhrul wrote a heart touching piece entitled 'Lost' which mesmerized the audience.

'I will never regret joining the competition which has taught me to be creative and innovative.'

- Amirah Alyzan, participant.

GET SET, DRAW!

DIGITAL STORYTELLING ANIMATION

Their animations are on YouTube:

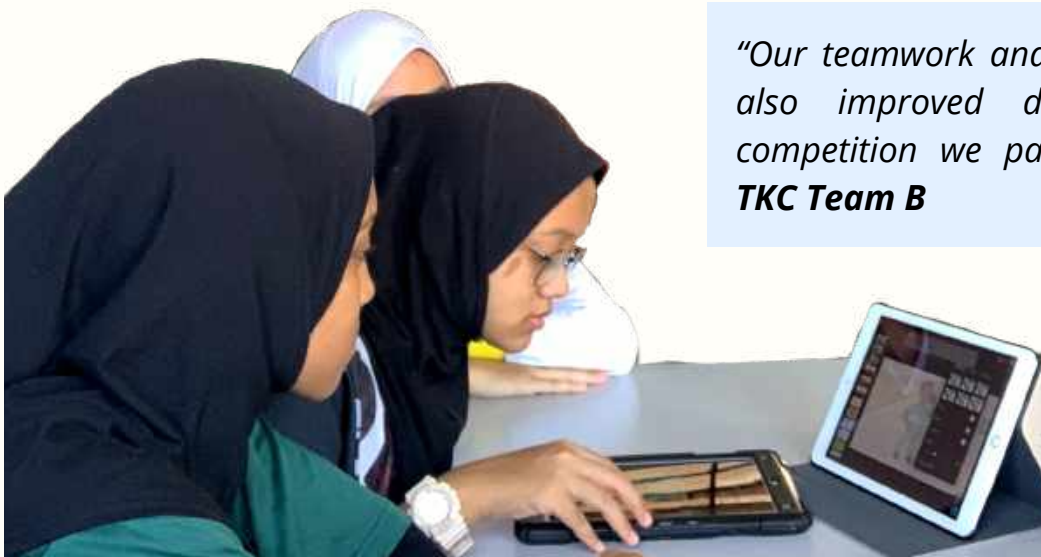

Reported by Nishrin Narissa

“Animation is not the art of drawings that move but the art of movements that are drawn”— Norman McLaren.

Six brave girls took the challenge and decided to participate in the Digital Storytelling Animation Competition 2020. Despite being new to animating, with the help of our own Puan Norhasyarmin Irnida Mohammad Amin, the girls did an astounding job. Meticulously, these two teams drew each frame of their drawings themselves before being able to produce even a second of animation. Not to forget, they only had so little time with the examination week being around the corner.

Nonetheless, the hard work paid off as these two groups managed to dominate the first and fourth place, making team Oprealist, Team B, the champion of Negeri Sembilan advancing them to nationals. It was proven that the sweat and tears during the long hours of animating were put to great use.

*“Our teamwork and communication skills have also improved drastically thanks to the competition we participated in.” - **Oprealist, TKC Team B***

A WORLD ON PAUSE

PERTANDINGAN PENGHASILAN VIDEO PENDEK
KEMPEN KESEDARAN COVID-19 KEMENTERIAN
PENDIDIKAN MALAYSIA (KPM)

Reported by Amirah Najwa

Ideas poured out of the heads of these five creative participants to bring honour to the Kurshiah name. Themed Covid-19 and led by Mr. Annuar Khisham and Miss Nurhidayah Idris, the team took on the daunting task.

They faced many obstacles throughout the month-long stretch. The tremendous obstacle they faced had to be the blueprint of the whole video. Initially, the video would be shot outside of the college compound. A few places they had planned to shoot at included Kuala Lumpur International Airport (KLIA), a nearby primary school, and a hospital close by.

A day before the shoot, they received the devastating news of a Covid-19 case at the primary school they planned to shoot at. This meant they had to go back to the drawing board and start from scratch about their video.

Even through all the difficulties encountered they managed to prevail as champions to advance to the national level representing Negeri Sembilan.

"I'm very thankful and glad that I had great teammates that gave 100% cooperation to make this a big success for ourselves and also the college"

- **Alyssa Aquila, Participant**

HUGS NOT DRUGS

PERTANDINGAN VIDEO ANTI DADAH

Check out the heart touching short film they made:

Reported by Nishrin Narissa

On the 1st until the 11th of September 2020, Tunku Kurshiah College sent three students to participate in the 'Pertandingan Video Anti Dadah'. Through this competition, these girls had little time to make a video about the consequences of taking drugs. It's also happened to be quite a challenge for them to come up with best storyline for their video. Still, if Samsan Tech has Han Jipyong as their mentor, they have Pn.Noraziah Abd Aziz as their guide.

The push and pull of making the video was worth it as their whole team managed to give their full cooperation throughout the shoot. In the video, it is presented that you should never leave a friend behind and every word that you say matters.

This touching story ranked at the top of the competition and made its way to nationals as the representative of Negeri Sembilan. With this, it is hoped that the students of Tunku Kurshiah College can keep an eye on each other and to taste your words before you spit them out.

As the saying goes, "Words are free, it's how you use them that will cost you."

A NEW POINT OF VIEW

THE YOUNG EDUCATOR'S CHALLENGE

"YEC has shown me that education can be provided in a variety of ways and the lack of physical interaction between students and educators is no excuse to share knowledge and shed some light to anyone who yearns it."

-Farhana Firdaus, participant

Reported by Nishrin Narissa

Three form four students participated in The Young Educator's Challenge and were shortlisted along with 22 other teams as finalists out of hundreds of teams. To be one, it was a tough grind. In this competition, they came up with a brilliant idea of game-based learning with encouraging physical movement in class.

The hard work and hustle was definitely worth it. To them, this was not just any other competition, it was an unforgettable experience. It taught them that an educator's work is no joke. Their minds were more opened about online-based learning and how to conduct a class.

Moreover, the experience gave them a better insight and perspective towards educators. "In learning you will teach, and in teaching you will learn," With that, it is hoped that more TKC students will participate and gain new experiences from other competitions.

OUR WARMUP IS YOUR WORKOUT

KEJOHANAN OLAHRAGA MSSNS 2020

What does it take to be an MSSNS athlete?

1. *Growth Mindset - the main control centre*
2. *Determination - striving for greatness is the very first step to achieving greatness.*
3. *Balanced Lifestyle - strive for you most optimum strength,*
4. *Discipline - without this, you would go nowhere.*

Reported by Zara 'Ayesha

For our track & field athletes, Kejohanan Olahraga MSSNS is one of the most awaited events yet. After MSSD, those selected few will undergo collective training under Pn. Irafaila Hasraf's surveillance.

Being a collegian, slipping in some much-needed training proved to be quite a challenge due to the packed school schedule. The athletes worked their socks off, balancing the intensive training timetable with their rising schoolwork. Alas, our all-stars kept at the top of their A-game despite the setbacks.

During competition week, 17-21 February, the jitters were no joke as they stepped into the Stadium Tuanku Abdul Rahman. Competing against the best athletes of Negeri Sembilan were certainly nerve-racking. Yet again, the Kurshiah Athletes made us proud with their stunning gold achievements.

"Taking the spikes off won't take you anywhere, just run."

Amirah Husna, participant

AIN'T NOTHING STOPPING US NOW

SWEET JUMBO RUGBY TOURNAMENTS 2020

*"Every time the beat drops,
the cup is ours."*
**Nur Azra Zulaikha,
participant**

Reported by Zara 'Ayesha

After hosting their very own rugby tournament the previous month, La Reine continues on their journey to conquer the world of rugby. Their training was conducted by their coaches, Mr Wan Mohd Fazli, Dato' Nasha and their newest teacher Cik Farhana. They set off to Melaka where they participated in the Sweet Jumbo Rugby Tournament.

The field was packed with rugby players running about, from MRSM to SBP students. No doubt the competitiveness of our La Reine girls kicked in as they passed by their potential opponents. With the support of the team's parents, the first match went off without a scratch.

The pounding reminder of the lost of the last cup in the previous tournament made our players determined to prove themselves, which resulted in a satisfactory win. Both U17 teams won First Cup and First Bowl whereas both U15 placed second for Cup and Plate. Overall, it was a fulfilling day for the rugers as they flaunted their skills on the field yet again as well as were given a chance to observe the advanced team plays played from one of the best universities. Watch out! Monsieur Fazli and the La Reine team will be back for more.

BASKETBALL

Kurshiah, FIGHT! Off goes the ballers, sprinting into the court with the Kurshiah pride flowing deep within them like adrenaline. Having numerous wins under their wing in the National Community Basketball League, this fearsome team has never and will never throw the towel in, no matter how intense each game gets. The admired legacy and sisterly bond of Kudos ever since the early days of TKC, surely lives on and is definitely something one should look out for.

NETBALL

It doesn't matter how fit you are or what size you are, netball is surely a sport for all. Sharp, quick passes across the court and before you know it, Le Papillon scores yet again. For most of our girls, netball has been a sport close to heart ever since before they set foot into the Kurshiah grounds.

Bouncing about in their bibs, watch out as the Le Papillon girls shoot for another win!

VOLLEYBALL

It's the volleyball team of Tunku Kurshiah College! With flashy red and white strips jerseys, their competitive spirit definitely soars high as the march into the grand court. The way they serve and attack their opponents strongly say that the purpose of this team when going into a competition is none other than winning it. Let's just say that the future of this team is seemingly bright and we surely can expect more from them. Go volleyballers!

ARCHERY

Demanding a range of skills from a steady hand to excellent precision, archery is one of the many sports to keep a bullseye on. In an open-field, it is never a problem for our archers to aim right on target. With the guidance of our beloved Ustaz Nor Husnittharir, our archers aimed high for the skies and shot for their continuous triumphs. What a privilege it is to be amazing at a sunnah sport, nice one archers!

CHESS

Checkmate! Our masterminds are back again, grinding their minds to corner yet another victory. Black and white chequered board awaits the players as they craft up strategies and tactics to end the opponent king's reign. Moving up and down the table in search of a worthy opponent, our Kurshiah girls managed to be on top of the charts as they advanced forwards to the state level.

TENNIS

Serena Williams who? Wielding rackets in their hands all the while maintaining poise and grace, these young ladies stand as the backbone of the school who ruled the tennis court. Oftentimes spotted carrying their large tennis racket to the court, these girls spend their after school hours polishing their skills. Passersby would catch them practicing evening after evening, pouring their hearts in smashing the tennis balls all to achieve the best technique.

HOCKEY

The future ace sports club. Some may see their hockey sticks merely as toys, but give it a whack and a skid across the court, the sticks are more than what they seem. Their swift and fast movement in a game reflects their determination and hard work in practicing. Known as one of the longest sports to exist in Tunku Kurshiah College, the legacy of hockey had always been evolving until today. It is hoped that their speed will always continue at a high rate all the time as what their team name portrays, Vitesse which means speed in French.

BADMINTON

Being the fastest of all racket sports, badminton will 🏸 always remain a popular choice for our collegians, whether it be for a tournament or a great way to pass the time. Evenings of playing around with the racket did our Kurshiah girls wonders as there had been numerous teams advancing as far as the state level. Even so, having a laugh when you embarrassingly miss a dramatic shot is definitely one of the many memories that will be cherished whilst playing badminton at college. Feel free to catch a game whenever as the racket awaits you!

HANDBALL

A fast-flowing game, aiming to score as many times as possible within the periods of play. This sport requires quick thinking and lightning reflexes, which our Kurshiah girls sure have a knack of. Strength, speed and agility, the players would pass and dribble up and down the court in an attempt to shoot for a win. Give it a go and challenge our girls for a game!

KURSHIAHBINGO

Wore a different house's tudung on Wednesday	Lost mood to eat when there's no chicken dish	Run for moreh	Basketball stargazing	Snapping Pics of kurshiah skies
Cheer 'til your voice gave up	Homesick "berjemaah" session	Jog coll	Court shoes missing at surau	Ran to the Public Phone, but welcomed by stat #1 #2
kmc sprint before Monday	typo obsession		Cried a river during salam raya	Cheap spa sesh (doing nails)
Went to the staffs room to enjoy the air-cond	money rejected by gedeg	bought millions of pin tudung, but still lose them all	Melecet pakai court shoes/flats	Latecomer sprint
Ran for food during recess	Fought for butter chicken/ayam keping	begged to enter the staffs room (the door's locked)	Clothes exchange programme	forgot that it was tahiyat akhir

SELENDANG DELIMA

Wildcats! The admiring teamwork and knit-like bond of Selendang Delima certainly mesmerises the crowd. In their union, there is strength, continuous perseverance that outshine the rest. They are the Greenies; they are all in this together, all towards the betterment with 'semper ed meliora' pounding in their hearts. With their exceptional scholarly competence paired up, they'll conquer each triumph that comes their way and that's a fact!

HOUSE MOTTO

Semper ad Meliora
(Towards the Betterment)

CHEER SONGS

LAGU RUMAH

Selamatlah Selendang Delima
Rumah hijau yang ku cintai
Sememangnya amat perkasa
Teguh gagah kekal abadi
Selendang Delima
Amat perkasa
Namamu indah murni
Selamatlah Selendang Delima
Rumah hijau yang ku cintai
Kami akan tetap berbakti
Kepadamu
SELENDANG DELIMA

WILDCATS

We're all in this together
We are strong, hand in hand,
We are green and we'll win it
We're all in this together
We will fight,
From the start, to the end,
Till our dreams come true

Wildcats cheer along,
Keep our flag on top it all,
That's the way we prove it,
Yes we do it and we show them all
Wildcats cheer along,
Keep our flag on top it all,
That's the way we prove it,
Yes we do it and we show them all

SITI ZAWIAH

I say Siti you say Zawiah, Siti Zawiah!
A house that plays with full determination and creates thunderation with strong family-like bond, 'sehati sejiwa' they go through every hardship, together they win as one. Siti Zawiah's aspiration of intellectual capabilities will rock themsel in conquering the victory.

HOUSE MOTTO

Aspire For Glory

CHEER SONGS

LAGU RUMAH

Inilah barisan kita
Yang ikhlas berjuang
Siap sedia berkorban
Untuk Siti Zawiah
Sebelum kita berjaya
Janganlah berputus asa
Marilah kita bersama-sama
Menuju medan jaya!

Thunder thunder, Thunderation
We are yellow, Dedication
When we play with, Determination
We created Thunderation!

BUDDY ALL THE BOYS

Buddy all the boys
Make a big noise
Playing on the streets
Gonna be a big man someday
You got mud on your face
A big disgrace
Kicking all the trends all over the place

So we will (2x)
Rock you! (4x)
We will (2x)
Rock you! (4x)

TUN FATIMAH

Tun Fatimah based on the name itself is a heroine, same goes to these girls, the heroines of their house. Full of laughter, kindness and peace, the endless support from each other is more than enough to achieve their success flourishingly. Their love for the house is beyond infinity as they always push and strive forwards in the realms of success.

HOUSE MOTTO

Beyond Infinity

CHEER SONGS

LAGU RUMAH

Rumah yang ku sanjung ialah rumah tun fatimah
Rumah biru yang selalu ku puja dan bangga
Marilah kita semua bergandengan bahu
Untuk mempertahankan nama baik rumahku

Tun fatimah rumah biru (x2)
Rumah yang selalu ku sanjung
Yang selalu ku puja
Majulah oh tun fatimah

Semoga yang maha kuasa
Memberikan restu setiap masa
Memberkati perjuangan kami
Membina tun fatimah

Tun fatimah rumah biru (x2)
Rumah yang selalu ku sanjung
Yang selalu ku puja
Majulah oh tun fatimah

HOUSE SONG

We're the legions of b.l.u.e
Standing strong as faithful as can be
We'll stick together in a peace harmony
To the challenge of victory

Tun Fatimah is a dynamite
Never give up hope in any fight
Rekindle your spirit and never let us down
We'll crush others to the ground
To you Tun Fatimah we convey love and loyalty
Keep moving on in every way
For glory and dignity

We're the legions of b.l.u.e
Standing strong as faithful as can be
We'll stick together in a peace harmony
To the challenge of victory (x2)
B.L.U.E !

MAHSURI

Blazing hearts brought together as one, Mahsuri stands strong under one flag. Their undeniably fiery spirits always keep the competition going. Like their name, they strive to make their marks in history. In bold shades of red, they pave their way to the top and never aim for less than first. They hold their heads high as they climb to the top, and they never look back.

HOUSE MOTTO

Reciprocity, Exuberant, Determination

CHEER SONGS

LAGU RUMAH

Mahsuri x2

Rumah merah yang kupuja
Disanjung pada setiap masa

Berbakti dengan setia hingga kita berjaya
Mahsuri x3

Ahli-ahli rumah Mahsuri
Tetap taat berbakti
Bergotong-royong setiap hari
Majulah rumah Mahsuri

Bendera Mahsuri tetap selalu berkibar
Majulah dalam semua lapangan
Gagal mesti ditentang jangan berputus asa
Mahsuri x3

HOUSE SONG

Come Mahsurians up Mahsurians
Let's keep our flag fly up high
Victory's our destination
That's the fact we can't den

So let us all get together
Don't be sorry if you lose
Let's be joyful it'll be better
So now forward we must push

Come Mahsurians that's the spirit
That's the spirit we must keep
Never be shy to take defeat
Rise again and take the lead

FRESHIES

2024

Oh, look it's the freshies! Here comes another crème de la crème batch ready to bring their new charms and hopes to Kurshiah. They are still working their way around the college due to their limited time at school but their capabilities will surely unravel soon. Hopefully, these newcomers will adapt and eventually unleash their budding potential as time passes by. They have four more years to go, they'll definitely reign.

SOPHOMORE

1923

Being the backbone of the college, challenges are always set before them but overcoming every single one of them is their cup of tea. Stronger together, they turn it into probable. This bunch of energetic and strong 14 year olds are the hope of Tunku Kurshiah College. The girls of sophomore are always there when we need them. May the upcoming years treat them with luck!

EFTHALLIA

1822

Trotting along their batch slogan "Blooming triumphantly, alongside strong camaraderie and goodwill.", these 138 girls surely proved how their optimistic attitudes and tender sisterhood managed them to thrive until alas, their third year in Kurshiah. Despite not having their PT3 examination this year, these girls don't waste any other opportunity to shine and make the name Efthallia be known.

DARIUS

1721

“Rose gold is the colour of the heart combined with the colour of the skin”. The girls of Darius hold firm to their words of being the best person they can be, both inside and out. The future leaders of the college, these girls will chase their dreams and make it a reality as nothing and no one can stop them. Topping off the academic and co-curricular charts, these girls are always surprising us. Even with 137 different personalities, there’s nothing stopping them from being united as one as with blazing hearts, they prevail.

XYLIX

1620

The toughest of them all, Xylix. Through the hectic trials such as the uncertainty of their huge examination date, their triumphs overlook them all. Five years of experience, these blue warriors are all set for the world. As they say "Over the obstacles, marvel the miracles", with achievements stacked up on top of each other and plastered all around the college, these girls did their part in keeping the Kurshiah flag flying high. Kurshiah wishes luck to these girls and glory for the future that is upon them. All the best, Xylix!

Over The Obstacles, Marvel The Miracles

Gala of the Stars

XYLIX 1620

After a strenuous year of studying, Xylix's Sijil Pelajaran Malaysia (SPM) had finally come to an end. To conclude their high school year with a bang, a Graduation Night was held to appreciate their efforts and dedication towards Tunku Kurshiah College.

Themed Gala Of Stars Xylix 1620, a team of teachers and students took it upon themselves to make the night unforgettable. Initially, they had planned to have it back in 2019, but due to the ongoing pandemic, adjustments had to be made to fit in with the strict Standard Operating Procedures (SOPs).

Despite the setbacks, the Dewan Budiman looked majestic, embellished with decorations fit for a king and of course... queens. The fifth formers filled the hall with their stunning dresses and accessories. In pairs they strutted down the runway showing off their style.

Tears of joy filled the eyes of the Xylix girls as they ended the night by singing their batch song, 'Count on Me' with the teachers. May this be the start of your bright future, Xylix !

VERSES,

Wish For The Sun

almost froze myself to death
in the midst of this cold world
all i wish was for the sun
but i do not know
why the world gave me you
instead
you are not like the sun
who melts the snow
who makes this world warmer
but you
somehow, melts my cold heart
and makes my insides warm you
were the hints of yellow
in this blue world i lived in
you are not like the sun
but why do you remind me of it?
the world then took you away
leaving me alone here,
someone who just yearns for
warmth
i watched you
and those warm colour of yours
slipped away through my
fingers, holding onto you to stay
forever
then the world gave me the sun
the snow melts,
the world was warm,
but my insides weren't
all i used to wish for was the sun
now all i wish for is just you

,Nur Iklil Auni Tajul Asri

Kelekatu ke tu?

Sampai sekarang aku sukar
bezakan
Kelekatu dan sepupunya, semut
bersayap

Aku tak suka bila aku lalu di jalan
berlampu
dengan bau tanah yang hujan
seru
Kelekatu bawa satu keluarga
serang aku
Maka sepanjang perjalanan
tersebut
Aku tutup mulut dan hidung
Mata ku buka suku sahaja
dan sudah semestinya
Aku menunduk menghadap kaki
Yang laju berlari.

Mungkin inilah cara Tuhan
ingatkan
Untuk sentiasa merendah diri
Dan pasakkan hati pada bumi.

,Wardina Sufiyyah Roslan

Stage

My small steps left a print
To tiny to be noticed
To the whole big stage
The time I reach the microphone
My body tremble like it was Arctic
Shivers hidden under the uniform
But once I open my mouth
I can feel thousands orbs
All over me
And only for me
My pitchy voice filled the hall
Penetrating to those ears
In the whole big stage
I can speak lies or truth
I can speak dull or wise
I can speak rude or pleasing
But no matter what I said
They remain silent
In the end of "Thank you"
It flows with applause
Like I'm the Queen
I love to be on stage
It's the only time when people
Shut up and listen

,Kamalin Mastura Kamarul Anuar

Hajat

Puteri muda aset negara,
Sini patik punyai satu hajat, Terkulat-
kulat bersarang di dada, Patik
memohon buka bicara
Elakkan diri diulit mimpi.

Puteri hauri aset bangsa,
Perindah akhlakmu, teguhkan iman,
Sahutlah cabaran gelombang
samudera,
Genggam iltizam buat pertiwi.

Puteri pewaris abadi,
Kecantikan bukan hanya luaran,
Sering bergaung dalam kotak
ingatanku,
Angkatlah darjatmu ikhlaskan diri.

Puteri digilap sepenuh hati,
Didiklah generasi bermula di nurani,
Jauhkan diri dari manifestasi,
Jauhkan diri dari yang asfal.

Puteri Kurshiah yang kucintai,
Ini bukan satira
mempersendakanmu,
Setitis demi setitis kula menangis,
Mengenangkan sifat alahai si zalim.

Puteri Kurshiah yang kuhargai,
Sebelum patik mengundur diri,
Waadatlah denganku demi kita,
Bukalah matamu pintu hati.

Ambar**

LONGING FOR EVERYONE

Scrolling away on my electronic device, slumber had yet to consume me in neither a dream-like reality nor dream-less black abyss. A slow song after the other continues as a melody all-too-familiar start to fill my eardrums. Despite having a long journey the next morning, I am burning the midnight oil with the 21st century entertainment — surfing the Internet and music. A ghostly smile craved itself on my lips as this particular song plays on. A tear gathered at the corner of my eye as the screen blurs me from the screen of my phone. The melody of the song continues as some memories flashes through my tired mind. The events of the past years played through my mind as the lyrics of the song were sung,

*I'm waking up my mind
I'm just trying to kill the silence
I'm ripping off the blinds
I'm just trying to let some light in*

The feeling of these lines filled me in nostalgia as this is the feeling that engulfed me everyday these past few months. Oh, these months! They made me feel a void in the depth of my beating core; my heart. No amount of words I can mutter will let anyone understand these feelings in me yet everyone else seems to feel it too. I stared at the ceiling in darkness as I wiped the tears that started to overflow my eyes. The impact of the next verse hit me hard.

*But I've been on the road
I've been missing home
See it on my phone that the world back there
Keep spinning 'round without me*

A dry laugh escaped my throat at the time these lyrics were sung. I knew these lyrics were coming by heart. I memorized the entire song yet somehow I still shed tears whenever this song comes up. 'Guess today is one of those days' I thought as I continue to scroll my social media account. It doesn't help that being hollered inside the house is getting to me as I see new trends and all. The things happened ahead of me before I even realize it that it makes my head spin too much that the feelings keep bothering me to some extend.

Plastered on the screen the Latin word, Nox. It made a smile creped onto my chapped lips. That is similar to my situation now. The irony of these lyrics and word seems to picture my life tremendously about these past months. What are the lyrics? Well, if you had heard this song then you might know.

*Oh I
Try to be happy but it's hard sometimes
But life
Just seems to happen right before my eyes
'Cause I feel like I'm not there
'Cause my head is up somewhere
Far away from all my friends
I just want that back again*

Putting down the phone on my bed beside me as I stared at the ceiling once more. This time to let myself draw into the music and lyrics as if it is my story. My story about me reminiscing about my scattered-circle of friends and their crazy shenanigans. It reminded me of how far we are from each other now that we are stuck. Stuck in the comfort of our home which we hoped that the holidays would linger longer.

*See it on my phone that my friends back there
Got inside jokes without me
Oh, woah
Don't mean to come off cold
I don't want to be alone*

Now that we are separated, it makes me regret being closed-off from them. Just like how the lyrics are sung. I didn't mean to be antisocial or cold to you guys and loneliness is not that enjoyable either. I might look like it but just like how the goes

.....but it's hard sometimes

These bubbling emotions are starting to choke me. I feel suffocated just by these lyrics. The next verse overwhelms me as tears starts to cascade down my already stained cheeks. It made me forget where I am and who I am for a moment as I welcome this feeling of similarity.

*I don't feel like myself and
I can't help being selfish
Sometimes the pressure gets the best of me*

Quiet sobs escaped me as I start to cry at this very moment. The feeling that I need to be someone else. A feeling like I need to pretend to be happy started to feel so difficult now. Bathing in these feelings of negativity, I feel a vibration from the side of my bed. Wiping off the tears as a genuine smile starts to creep in as happiness filled me. The screen of my phone alerted me that someone is contacting me; my friends. Ruel's song ended as You are the reason starts play. I laughed slightly as I picked up the call.

*"Hey, I know its late but how are you? Pretty crazy since the pandemic started, right?"
"Yeah, it is. I'm good. You?"
"I'm just glad that we can meet everyone again tomorrow even if school starts and we have to get back to coll. I miss you guys! Well anyway, see you tomorrow"
"Haha! Yeah, you too"*

The call ended as I smiled. My longing to be with every one of my friends would end tomorrow. I can't wait!
